A Message from Dr. Lynda C. Andre, Superintendent

Over the next several weeks, Focus on Finance will discuss questions and answers about the Board of Education’s plan to address District 7’s long-term financial stability and its ability to fund continuing academic needs. Our communities will be asked to make a significant funding decision on November 8 that will determine the future direction of academics, technology, school security, and performing arts and athletic programs.

I am inviting the citizens of District 7 to e-mail me questions about District 7’s financial issues and the plan to address its short and long-term financial and academic needs. Questions may be used in future Focus on Finance communications and will be posted on an upcoming Frequently Asked Questions (FAQ) portion of the website. Questions should be e-mailed to Lynda Andre, Superintendent, at landre@ecusd7.org.

I also encourage citizens to review posted Focus on Finance segments that began in February 2016. Information that has been discussed about the history of District 7’s financial crisis and components of the Board of Education’s plan to address financial and academic needs can be found on District 7’s and individual school websites and Facebook pages under the Focus on Finance icon. All communications are archived by date and topic for your review.

Thank you for your continued support of Edwardsville District 7 students.
