A SPECIAL NOTE TO PARENTS & GUARDIANS

The Edwardsville Community School District 7 sincerely believes that a child's success in school is directly related to effective communication between home and school, parental support of learning activities, respect for individual rights, and personal responsibility.

COMMUNICATION:
This handbook is one of the District's primary means of communicating. Parents are urged to read this book carefully and to discuss it with their children.

PARENTAL SUPPORT:
Parents are encouraged to support their children's efforts in school by emphasizing the importance of education, reading with their children, and making sure that children complete assignments and attend school regularly.

INDIVIDUAL RIGHTS:
We live in a country where each person has the right to be treated with justice. It is therefore the responsibility of each student to treat others justly, with respect and dignity. The District will not tolerate behavior that violates these human relations standards.

PERSONAL RESPONSIBILITY:
Children are responsible for obeying the laws of society as well as all District regulations. The District has a close working relationship with local law enforcement agencies and will contact them if violent or other criminal activity takes place. Parents should also be aware that they themselves are legally responsible and financially liable for their children's actions.

Together parents and the schools can provide a safe, happy, and orderly atmosphere for all children.

INTRODUCTION

SUPERINTENDENT’S WELCOME

Dear Students and Parents,

As the Superintendent of District 7, I look forward to working with you and supporting you throughout your high school career. Edwardsville High School is rich in tradition, evidenced by its many years of success.

An excellent educational experience has long been the hallmark for students, parents, teachers, and administrators of the District 7 community. As Superintendent of Schools, I am committed to continuing that excellence by putting forth my best effort to maintain high standards in all areas of Edwardsville High School’s operation. I hope that you will join the faculty, staff and administration in making that same commitment.

Effective teaching and learning can only occur in an environment where learning is the top priority for everyone. All EHS students should be well-disciplined and demonstrate respect for themselves as well as others and their property. I am asking you to choose to be one of those people who work to make our high school a place that makes all District 7 citizens proud. The rules and regulations are stated clearly in this handbook. If we all work together to follow these rules, we can insure that every person, whether student, faculty, staff or visitor, is afforded a safe environment.

I will visit every school multiple times throughout the school year, and I will continue to be active and visible within the District 7 community. Please don’t hesitate to introduce yourself and share your feelings regarding ways we can improve education in District 7. Our success is directly related to effective communication among all students, parents, teachers, and administrators.

Respectfully,

Dr. Jason Henderson
Superintendent

GENERAL INFORMATION ABOUT DISTRICT 7

A. HISTORY OF THE DISTRICT

The first public school in Edwardsville, the Dale School, opened in the year 1864, beginning a tradition of excellence that endures today. The school district and the community grew and flourished together as more elementary schools were added, and a separate high school was built. Eventually the country schools from the rural areas surrounding Edwardsville joined to form District 7 as we know it today.

Historic landmarks include:

- Hadley House, established in 1875, which houses the District’s administrative service center
- Columbus School, built in 1886, which is the District’s oldest school and the oldest school building in continuous use in Madison County.

The District’s heritage of excellence in education is reflected today in the outstanding achievements of all its schools.

For a detailed history of District 7 schools, visit the District 7 web site at www.ecusd7.org.

B. THE FACILITIES

District 7 facilities, including fourteen schools and the central administrative office (Hadley House), total more than one million square feet. The District’s facilities are located on approximately 265 acres of land, including the 47-acre Sports Complex on Center Grove Road.

Edwardsville High School serves grades 9-12 in its main building on Center Grove Road and at Lewis and Clark Community College’s N.O. Nelson Campus. At-risk students are served by the Alternative High School, which is housed in the building known as EHS South, located across the street from the main high school building. Lincoln Middle School and Liberty Middle School house grades 6-8.

The elementary grades are served in primary and intermediate attendance centers. Primary attendance centers include Glen Carbon Elementary School (grades K-2), Goshen Elementary School (grades K-2), Hamel Elementary School (grades K-2), Leclaire Elementary School (grades K-2), Midway Elementary School (grades K-2), and Nelson Elementary School (grades K-2). Intermediate centers include Albert Cassens Elementary School (grades 3-5), Columbus Elementary School (grades 3-5), Woodland Elementary School (grades 3-5), and Worden Elementary School (grades 3-5).
C. THE STAFF

With over 920 employees, 437 of whom are teachers, District 7 is the third largest employer in the Edwardsville area.

District 7, along with Southern Illinois University, helps make education the city’s number one source of employment.

District 7’s personnel policy is to hire superior staff members - the very best available for that particular position. Our teachers rank far above state averages in the amount of experience and the level of education. Professional growth is a continuous process stimulated by a variety of in-service opportunities for both teachers and support staff.

Parents of children who attend schools that receive Title I funds are entitled to receive specific information regarding their children’s teachers’ credentials. Parents seeking this information should contact their children’s building principal.

D. THE BOARD

A seven-member board of education is responsible for setting the policies of the District. Board members, who receive no pay for their work, are elected to four-year terms. Board meetings are held at Woodland School on the second and fourth Mondays of the month. During the months of June, July, and December, meetings are held on the third Monday of the month. The public is invited. For specific dates, interested parties may call the Administrative Offices at 656-1182, extension 10000, or visit the District’s website at www.ecusd7.org. Board meetings are also televised on the local community access television channel — ECTV, Channel 993.

E. DISTRICT FINANCES

The total tax rate for District 7 is $4.6680 per $100 of assessed valuation.

F. PARENT/CITIZEN INVOLVEMENT

District 7 parents are strongly urged to become active participants in the educational process. Parents’ interest in their children’s education and the level of cooperation between home and school are key elements to success in school.

Volunteer opportunities, through the parent-teacher organization or the building principal, are virtually unlimited. PTOs make a valuable contribution to the schools through their fundraising and social activities. Interested volunteers should call the individual schools.

The Citizens Advisory Council is an appointed committee of laypersons. Its function is to study various issues and provide advice and recommendations to the Board of Education. The CAC meets monthly during the school year.

G. HOW DOES DISTRICT 7 RATE?

The State of Illinois does not have a formal system of rating school districts, although it does conduct evaluation visits. District 7 receives highly positive comments during such visits and is a fully accredited system.

Excellence has always been the hallmark of the District 7 schools. There are many indicators that demonstrate a district’s level of achievement. Our commitment to academic excellence is aptly reflected in the District’s test scores. The District has been a downstate leader in the annual number of National Merit Scholars and in the performance of our academic teams.

Although such achievement is very important, a school system should be judged not just on test scores, but rather on how all children, whether gifted, average, or at risk, are given opportunities to grow and learn. Specific information about the District’s programs, as well as the most recent test scores, may be obtained at Hadley House or on the District’s website at www.ecusd7.org.
EDWARDSVILLE HIGH SCHOOL VISION/MISSION STATEMENT AND GOALS

The goal of Edwardsville High School is to meet the educational needs of its students. These needs include college-bound instruction, specialization skills, personal enjoyment, vocational training, physical development, and citizenship preparedness. These needs reflect the personal aspect and uniqueness of each individual.

Edwardsville High School provides curricular and extracurricular activities to meet these needs. These needs should be provided for in a safe, orderly environment by a variety of offerings and activities; by striving for excellence; by an opportunity for achievement; and by a continuous improvement in equipment, materials, facilities, instruction, and leadership. Instructional staff and support staff strive to design and implement these activities.

Edwardsville High School is continually evaluated so that it prepares for the future through input from students, teachers, administrators, the Board of Education, parents, community leaders, employers, and consultants.

Our team is our fame protector.
On team, for we expect a victory from you, EHS.

Cha-he, cha-ha, cha-ha-ha-ha. Go, Tigers, go!
EHS! EHS! EHS!
Fling out that dear old flag – black, orange in hue.
Lead on your sons and daughters fighting for you.
Like men of old on giants, placing reliance,
Shouting defiance, “Osky, wah, wah!”
Amid the broad green plains that nourish our land,
For honest labor and for learning we stand,
And unto thee we pledge our heart and hand,
Dear alma mater, EHS!

SCHOOLOGY AND BRING YOUR OWN DEVICE (BYOD)
Edwardsville High School utilizes Schoology, a Learning Management System, and Bring Your Own Device (BYOD), a program that allows students, if they choose, to bring in a personally owned, portable electronic device to use in conjunction with Schoology.

Schoology Schoology is an online learning management system that allows teachers to create, organize class content, and share content and resources. When students log-in to Schoology, they have access to all of their courses. Each student’s digital content and resources are specific to their needs – their courses, their groups, their calendar of due dates, homework assignments, etc.

Schoology is cloud-based and completely online. There's no software to install, no extra equipment, and no maintenance required. Students can access their curricular content while in school, at home, or anywhere else that they have Internet connectivity. A personally owned device is not required to utilize Schoology.

Bring Your Own Device (BYOD) Program Student Guidelines District 7 is committed to the use of technology to enhance the learning of students and staff. As part of this commitment, District 7 has deployed wireless capabilities to Edwardsville High School. This addition is the first step in allowing non-district owned devices to be used in the classroom. This addition to our 21st Century Classroom initiative, which includes Schoology, will better prepare students for college and career readiness, foster student ownership of their own learning, provide easier access to instructional materials, and facilitate the transition between home and school resources.

The following guidelines apply to students who participate in the BYOD program:

- With teacher permission, students may use their devices to complete in-class activities; complete homework; collaborate in real-time; research for projects; access websites; take notes, compose, and complete other approved instructional activities to enhance learning.
- District 7 uses a firewall with content filtering services, and we make every effort to provide a safe environment for our students at school. In addition to technology filters, our teachers monitor student activity in their classrooms to make sure students stay on task. Students may only access the District’s Internet gateway. The District filters access to materials that may be defamatory, inaccurate, offensive, or otherwise inappropriate at school pursuant to policy Access to Electronic Networks. Students shall not make any attempt to bypass the District's Internet gateway. Similar to when a filter is disabled or malfunctions, it is impossible to control all Internet material, and a BYOD participant may discover inappropriate material. It may also be discovered if and/or when sharing a BYOD device with another student. Report inappropriate content and conduct to your classroom teacher.
- It is not mandatory that students bring and use a portable electronic device to school. Follow the standards of your parents/guardians. The District respects each family's right to decide whether or not to participate.
- Access only authorized data or files on the computer or Internet sites that are relevant to the classroom curriculum and suggested by a teacher. Students are strictly prohibited from infecting the District’s network(s) with a virus or malware program designed to damage, alter, or destroy the network, and hacking, altering, or bypassing security policies. Using anti-virus and anti-malware software on BYOD devices is encouraged. The District may examine any BYOD device that it suspects is causing network problems or may be the source of an attack or virus infection.
- Use of a BYOD device is subject to policy Student Behavior and Discipline.
- Students have limited expectations of privacy when using a personal device at school. At any point in time, any school personnel reserve the right to view a student's electronic device for content to determine its appropriate use. Any student that violates the Access to Electronic Networks policy may be disciplined by an administrator, including confiscation of the device.
- Transmit only appropriate content while using the District’s electronic network. At no time may a photographic image or video of any person on campus be made, posted, or shared. Any reasonable suspicion of an activity that violates law or Board policies will be treated according to policy Search and Seizure. Bullying or sexual material will not be tolerated and will be managed pursuant to policy Prevention of and Response to Bullying, Intimidation, and Harassment. Retrieval of devices that become involved in a law enforcement investigation is the student and parent/guardian’s responsibility.
• Students may not use personally-owned devices in locker rooms, bathrooms, and other locations that are deemed private in nature by the building administrator.

• Students may not use video or audio recording features of their device to record activities within school unless creation of an audio or video file is part of an assignment or project and specifically authorized by the classroom teacher.

• Charge all BYOD devices prior to school every day. Students should not expect to have the ability to charge a device during the school day. Turn off and keep BYOD devices in the sight of the teacher during assessments, unless otherwise directed by a teacher. Immediately follow any teacher’s instruction to shut down BYOD devices or close the screen. All BYOD devices must be in silent mode and put away when directed by teachers.

• Sharing BYOD devices with other students is allowed only when a parent/guardian has approved this in writing through the Bring Your Own Device (BYOD) Program Participation Authorization and Responsible Use Agreement Form, and the teacher has directed it.

SCHOOL FEES
The school establishes fees and charges to fund certain school activities. During the school year, various fees will need to be paid. These include: school fees, lunch charges, lost or damaged textbooks, science and art lab fees, library fines, lost or damaged uniforms, etc. Keep a record or receipt for all fees you pay.

Students will not be denied educational services or academic credit due to the inability of their parent or guardian to pay fees or certain charges. Students whose parent or guardian is unable to afford student fees may receive a fee waiver. Applications for fee waivers may be submitted by a parent or guardian of a student who has been assessed a fee.

School fees for the 2020-2021 school year is $100.00.

Students will be charged for loss of or damage to school books or other school-owned materials. A fee waiver does not exempt a student from charges for lost and damaged books, locks, materials, supplies, and/or equipment.

Waiver of Fee Policy
The Illinois School Code requires each school district adopt a policy pursuant to the waiver of school fees. The Edwardsville School District Board of Education has adopted the required policy for the 2020-2021 school year. A fee waiver must be applied for and approved for every school year. Fee waivers cannot be applied for outstanding fees from previous school years.

A student shall be eligible for a fee waiver if at least one of the following prerequisites is met: 1) The student currently lives in a household that meets the free lunch or breakfast eligibility guidelines established by the federal government pursuant to the National School Lunch Act; or 2) The student or the student’s family is currently receiving aid under Article IV of the Illinois Public Aid Code (Aid to Families of Dependent Children). The Superintendent or designee will give additional consideration where one or more of the following factors are present: 1) Illness in the family; 2) Unusual expenses such as fire, flood, storm damage, etc.; 3) Unemployment; 4) Emergency situations; and 5) When one or more of the parents/guardians are involved in a work stoppage.

The student’s parent(s)/guardian(s) shall submit written evidence of eligibility for waiver of student’s fee. A separate application form shall be submitted for each fee assessed to each student. Questions regarding the fee waiver application process should be addressed to the Superintendent. The Superintendent will review the applications for qualification of a waiver.
Failure to Pay Fees/Collection
To maintain the quality of our educational programs, Edwardsville School District will make every effort to secure payment of student fees from each parent/guardian who is able to pay. Near the end of the year, a notice will be sent home detailing unpaid fees. All fees must be paid before students participate in extracurricular activities including the end of year trips.

Pursuant to the Hunger-Free Students’ Bill of Rights Act, the school is required to provide a federally reimbursable meal or snack to a student who requests one, regardless of whether the student has the ability to pay for the meal or snack or owes money for earlier meals or snacks. Students may not be provided with an alternative meal or snack and the school is prohibited from publicly identifying or stigmatizing a student who cannot pay for or owes money for a meal or snack.

RESIDENCY REQUIREMENTS
The residence of a person who has legal custody of a student is deemed to be the residence of the student.

Accordingly, before a student may be registered to attend a District 7 school, a parent, guardian, or someone with legal custody of the student must show proof that he or she resides within District 7 boundaries. It is the responsibility of the adult enrolling a student to prove both custody and residency as defined by Illinois School Code. Proof will include at least three (3) forms of identification and adequate documentation to prove residency. The building principal has the authority to rule on residency; that decision may be addressed as per board policy. School Code provides that any person who attempts to enroll or present false information for the purpose of enrolling a nonresident shall be guilty of a Class C misdemeanor.

When a student’s change of residence is due to the military service obligation of the student’s legal custodian, the student’s residence is deemed to be unchanged for the duration of the custodian’s military service obligation if the student’s custodian makes a written request. The District, however, is not responsible for the student’s transportation to and/or from school. If, at the time of enrollment, a dependent child of military personnel is housed in temporary housing outside of the District, but will be living within the District within 60 days after the time of initial enrollment, the child is allowed to enroll, subject to the requirements of state law, and must not be charged tuition.

REGISTRATION
1. ALL STUDENTS

Registration involves the completion of several forms that are used to document residency and custody. In addition, students entering kindergarten, sixth, or ninth grade need a health examination (Illinois student physical form only). Students entering kindergarten, second, sixth and ninth must also have a dental exam.

2. STUDENTS NEW TO DISTRICT 7

New students need to complete the above-mentioned forms, plus provide a certified birth certificate, a Vision Exam form, and complete the Home Language Survey, as well as the US Department of Education Race and Ethnicity Data Standards Form. If a birth certificate is not presented, the person enrolling the student will be notified that within 30 days he or she must provide a certified copy of the student’s birth certificate. If a certified copy of the student’s birth certificate is not provided, local law enforcement will be notified. A student will be enrolled without a birth certificate. All students will be registered under their legal name as it appears on their birth certificate. If a student has had a legal name change, documentation of that name change must be supplied at the time of registration. All students enrolling in District 7 must meet all state requirements related to physical examinations, dental examinations, vision examination and immunizations.

See section regarding Student Attendance and Health Policies for more information. All students transferring from another public school in Illinois will need to provide the Illinois Student Transfer Form from the Illinois State Board of Education.

THE STUDENT INFORMATION FORM is distributed at the time of registration. The purpose of the form is to provide the school with student information as well as emergency information. Parents are required to
complete and keep current the student information form, including at least two emergency telephone numbers in the metropolitan bi-state area.

**ACADEMIC INFORMATION**

**OVERVIEW OF THE CURRICULUM**

District 7 offers a comprehensive curriculum designed to meet the needs of the individual student. The curriculum is a result of a research-based study by K-12 committees of teachers, parents, and administrators into the best practices in instruction of the particular content area. The comprehensive core curriculum includes instruction in language arts, math, social science, and science.

In addition to the basic academic subjects, elementary schools also offer specialist classes in art, vocal music, Spanish, and physical education, as well as instrumental music and orchestra at the intermediate level. A regular program of gifted experiences is available for qualified students. Although each school has its unique features and special interests, the elementary curriculum is identical in all ten schools.

Advanced classes are available at the middle schools and high school. Students at Edwardsville High School may select from 15 Advanced Placement courses. Qualifying high school students may also participate in a series of work experience situations under teacher supervision.

In fall 2003, the historic N.O. Nelson Campus opened as a branch of Lewis & Clark Community College (LCCC).

One building serves Edwardsville High School students during the day, and LCCC students in the late afternoon and evening, allowing nearly 600 Edwardsville High School students to attend class in either the morning or afternoon session.

Fine arts also play an important role in the curriculum. The District’s music program has won a number of prestigious awards for its band, orchestra, and choir. The drama program is frequently recognized at the all-state level with our students participating in the state drama productions.

A highly varied program of extracurricular activities also exists, particularly at the middle schools and high school. Our sports teams have done exceptionally well in recent years, with state-level appearances by many of the high school athletic teams.

**GENERAL ASSESSMENTS USED FOR ALL STUDENTS**

General assessments and achievement testing are utilized throughout the District to monitor academic growth and achievement and to inform instruction. District 7 is required to administer the Illinois Assessment of Readiness (IAR) in grades 3-8, the PSAT 8/9 in grade 9, the PSAT 10 in grade 10, and the SAT to all 11th grade students. District 7 is required to administer the Illinois Science Assessment in grades 5, 8 and 11. District 7 will also administer the Dynamic Learning Maps Assessment for students with Intellectual Disabilities in grades 3-8 and 11. Physical fitness assessments will be administered for grades 3-12.

**GRADUATION REQUIREMENTS**

A minimum of 20 credits is required for graduation, 16 of which must be earned in academic subjects. Physical education and driver education are not included in the GPA. Each semester course passed is worth one-half credit, except for Driver Education and Quarter P.E. classes, which are each worth one-fourth credit. All students must be enrolled in a minimum of 5 credits, 2½ per semester.

A student may earn no more than two external credits through night school or correspondence. Students desiring to graduate early may not use credit earned through correspondence. Students must be enrolled for a minimum of an entire semester and have met the minimum graduation requirements before receiving a diploma. Extenuating circumstances may be reviewed by the administration.

To graduate from high school, unless otherwise exempted, each student is responsible for: 1) Completing all State mandated graduation requirements; 2) Completing all District graduation requirements that are in addition to State graduation requirements; 3) Passing an examination on patriotism and principles of representative government, proper use of the flag, methods of voting, and the Pledge of Allegiance; 4) Participating in the State assessment required for graduation; and (5) filing one of the following (1) a Free Application for Federal Student Aid (FAFSA) with the U.S. Dept. of Education, (2) an application for State financial aid, or (3) an Ill. State Board of Education (ISBE) waiver form indicating that the student understands what these aid
opportunities are and has chosen not to file an application. If the student is not at least 18 years of age or legally emancipated, the student’s parent/guardian must file one of these documents on the student’s behalf. A student is exempt from this requirement if: (1) the student is unable to file a financial aid application or an ISBE waiver due to extenuating circumstances, (2) the Building Principal attests the District made a good faith effort to assist the student or the student’s parent/guardian with filing a financial aid application or an ISBE waiver form, and (3) the student has met all other graduation requirements.

Credit through Correspondence Courses
Only those students who are deficient in credits and are at risk of not graduating with their class may elect to earn credit through correspondence courses. Only elective classes may be taken, and no more than two (2) credits may be earned through this method. Students wishing to exercise this option must have the prior approval of their counselor.

REQUIRED COURSES A complete listing of required courses based on date of entry into ninth grade can be found in the College and Career Planning section of the Edwardsville High School 2020-2021 Course Handbook.

EARLY GRADUATION A student may apply for early graduation if he/she has met all the requirements for graduation. In addition to meeting the requirements for early graduation, a letter signed by the parent/guardian requesting such a privilege must be filed with the student’s counselor. Letters may be obtained from a counselor. All graduation requests must be turned in to the appropriate counselor and assistant principal no later than two (2) weeks prior to the end of the semester. No early graduation requests will be accepted or considered after this time.

ACCEPTING TRANSFER CREDITS When a student transfers into the Edwardsville School District, it shall be the policy to equate transferred credits and grade placement as fairly and equitably as possible to the local school curriculum and graduation requirements. High school credits will be accepted from transfer students who attended high schools recognized and/or accredited by the North Central Association under strand 2.71 of the POLICIES AND STANDARDS FOR THE ACCREDITATION OF SECONDARY SCHOOLS. Credits from other high schools may be established through conferences with the student and the administration.

Educational efforts such as evening school, correspondence proficiency examination, military, or life experiences may be granted at the discretion of the building principal. Credits transferred will be transposed to equal the value of credits granted by like classes at Edwardsville High School. Special education transfers will be evaluated through a comprehensive screening appropriate to the handicapping condition and the Individual Education Plan.

PHYSICAL EDUCATION EXEMPTION Physical education is required for all students.

In order to be excused from participation in physical education, a student must present an appropriate excuse from his or her parent/guardian or from a person licensed under the Medical Practice Act. The excuse may be based on medical or religious prohibitions. An excuse because of medical reasons must include a signed statement from a person licensed under the Medical Practice Act that corroborates the medical reason for the request. An excuse based on religious reasons must include a signed statement from a member of the clergy that corroborates the religious reason for the request.

A student in grades 9-12 may submit a written request to the building principal requesting to be excused from physical education courses for: 1) Enrollment in a marching band program for credit; 2) Enrollment in Reserve Officer’s Training Corps (ROTC) program sponsored by the District; 3) Ongoing participation in an interscholastic or extracurricular athletic program (student must be in the 11th or 12th grade); 4) Enrollment in academic classes that are required for admission to an institution of higher learning (student must be in the 11th or 12th grade); or 5) Enrollment in academic classes that are required for graduation from high school, provided that failure to take such classes will result in the student being unable to graduate (student must be in the 11th or 12th grade).
A student who is unable to get an immediate appointment to see a physician may be granted a medical excuse of no more than two days per semester by her/his administrator or school nurse. The parent/guardian must write a note stating the nature of the injury/illness to request this excuse.

Students with an Individualized Education Program may also be excused from physical education courses for reasons documented in writing by the student’s doctor and approved by the case manager. A student who is eligible for special education may be excused from physical education courses in either of the following situations: 1) He or she (a) is in grades 3-12, (b) his or her IEP requires that special education support and services be provided during physical education time, and (c) the parent/guardian agrees or the IEP team makes the determination; or 2) He or she (a) has an IEP, (b) is participating in an adaptive athletic program outside of the school setting, and (c) the parent/guardian documents the student’s participation as required by the Superintendent or designee. A student requiring adapted physical education will receive that service in accordance with the student’s Individualized Education Program. Special activities in physical education will be provided for a student whose physical or emotional condition, as determined by a person licensed under the Medical Practices Act, prevents his or her participation in the physical education course. Special activities in physical education will be provided for a student who’s physical or emotional condition, as determined by a person licensed under the Medical Practices Act, prevents his or her participation in the physical education course.

State law prohibits the School District from honoring parental excuses based upon a student’s participation in athletic training, activities, or competitions conducted outside the auspices of the School District.

Parents are cautioned that medical excuses will not be granted for normal or periodic discomfort such as sore muscles, headaches, runny noses, or menstrual cramps, except with a physician’s statement or in severe cases. Any injury or illness which prohibits moderate exercise should always be evaluated by a physician.

Students who have been excused from physical education shall return to the course as soon as practical. The following considerations will be used to determine when a student shall return to a physical education course:

1. The time of year when the student’s participation ceases; and
2. The student’s class schedule.

**GRADING** Grades are issued quarterly. Credits for passing grades are issued at the end of each semester. Quarter grades are to be regarded as grades in progress. They are not recorded on a student’s permanent record. Final average and rank are based on all semester grades earned from the 9th grade through the 12th grade. All courses are included in determining the grade point average and class rank, except Physical Education and Driver Education. Courses at EHS are taught in the traditional and weighted classifications. Grades received in all classes—except Physical Education and Driver Education—are given a numerical value according to the following (grade point average and class rank and standing are affected by the grade as well as the course weight):

<table>
<thead>
<tr>
<th>Traditional</th>
<th>Weighted</th>
</tr>
</thead>
<tbody>
<tr>
<td>A = 4</td>
<td>A = 5</td>

<tr>

<td>C = 3</td>
</tr>
<tr>
<td>D = 1</td>
<td>D = 2</td>
</tr>
<tr>
<td>F = 0</td>
<td>F = 0</td>
</tr>
</tbody>
</table>

**TRANSFER STUDENTS** In order for a transfer student to receive weighted grading on course work taken at her/his previous school, Edwardsville High School must also offer the same weighted honors/accelerated courses.

**STUDENT GRADE REVIEW** Students at Edwardsville High School shall have one opportunity to retake a course and substitute the higher grade earned the second time the course is taken if the following conditions are met:

- The student must be enrolled at Edwardsville High School.
- The student must have previously taken the course in question and earned a “D” or “F” the first time he or she took the course; and
- The student must earn a higher grade during the second taking of the course. If all such conditions are met, the higher grade earned shall be formally substituted on the student's transcript and permanent record. A student shall be permitted only one opportunity to earn a substitute grade in any one course. Nothing in these procedures requires the District to re-offer a course no longer contained in the District's curriculum or to offer a course at any particular time. Students must notify their counselor before retaking a class.

If a student’s grade is to be substituted on his or her transcript and permanent record, the administration may alter the initial grade given to the student in accordance with the following procedures:

- The teacher who gave the initial grade in the course must be notified concerning the new grade earned the second time the course was taken and the reasons for the change; and
- The administrator making this change in grade must assume responsibility for the grade and initial the change.

**USE OF TECHNOLOGY** The District Technology System was established to comprise part of the school curriculum and is intended to function in support of that curriculum and of students’ mastery of the curriculum. Although the Internet and online services afford access to legitimate sources of information for academic and educational purposes, they also enable access to materials which may be illegal, obscene, indecent, or inconsistent with the District's educational mission. The use of all elements of the District Technology System, including the Internet, shall be consistent with the District's educational mission and the curriculum. The effective operation of the District Technology System depends upon the existence and enforcement of guidelines for the efficient, ethical, and legal use of its resources. The District has adopted and enforced guidelines that limit the use of the System to educational purposes, and describe acceptable and ethical use of the System. Any student whose personal web site, blog, or other form of digital presence or other activity involving electronic technology causes, or can reasonably be expected to cause, a substantial disruption of the school environment may be subject to discipline, without regard to whether that activity or disruption involved use of the District Technology System.

Having access to the District Technology System is a privilege the district extends to its students. **The failure of any user to follow these rules will result in the loss of privileges, disciplinary action, and/or appropriate legal action.** Students must have a signed parent/guardian permission form on file to gain access and agree to act in a considerate and responsible manner in compliance with the guidelines outlined in the district internet Acceptable Use Agreement. The loss of this privilege is one possible consequence of violating the Acceptable Use Agreement.

Students are responsible for their actions while using the District Technology System and Internet. Students can be punished if he/she purposely alters computers and technology equipment from its set functions or browses internet sites (including chat rooms) for non-educational purposes. Students will be responsible for payment for repair of equipment as a result of vandalism and horseplay and for any charges brought about by violating the Acceptable Use Policy.

Students have no expectation of privacy in any material that is stored, transmitted, or received via the District’s electronic networks or District computers and technology equipment. General rules for behavior and communications apply when using electronic networks. Electronic communications and downloaded material, including files deleted from a user’s account but not erased, may be monitored or read by school officials.

The District is not responsible for any information that may be lost or damaged, or become unavailable when using the network, or for any information that is retrieved or transmitted via the Internet. Furthermore, the District will not be responsible for any unauthorized charges or fees resulting from access to the Internet.

Students are prohibited from accessing and/or distributing at school any pictures, written material, or electronic material, including material from the Internet or from a blog, that:

1. Will cause substantial disruption of the proper and orderly operation and discipline of the school or school activities;
2. Violates the rights of others, including but not limited to material that is libelous, invades the privacy of others, or infringes on a copyright;
3. Is socially inappropriate or inappropriate due to maturity level of the students, including but not limited to material that is obscene, pornographic, or pervasively lewd and vulgar, or contains indecent and vulgar language;
4. Is primarily intended for the immediate solicitation of funds; or
5. Is primarily prepared by non-students, unless it is being used for school purposes. Nothing herein shall be interpreted to prevent the inclusion of material from outside sources or the citation to such sources as long as the material to be distributed or accessed is primarily prepared by students.

The distribution of non-school-sponsored written material must occur at a time and place and in a manner that will not cause disruption, be coercive, or result in the perception that the distribution or the material is endorsed by the school district.

**PROGRESS REPORTS/GRADE REPORTING**

Progress reports, which are not permanent recorded grades, are issued twice per semester. Quarter grades are issued at the end of each quarter. Semester grades are issued at the end of each semester and are permanently recorded grades. Progress reports are sent home midway through each quarter. Grade reports are issued approximately one week after the end of the quarter.

Parents are encouraged to telephone their child’s teacher (656-7100) to discuss their child’s academic progress and to arrange a conference. Counselors may also be contacted to arrange a conference.

**CLASSIFICATION OF STUDENTS**

Students will be classified at the beginning of each school year following summer school. First year students will be classified as freshmen, second year students who have earned at least five (5) credits will be classified as sophomores, third year students will be classified as juniors, and fourth year students who have earned at least fourteen (14) credits will be classified as seniors.

To stay on track for graduation, students should pass five (5) credits per year and complete the required courses for graduation. Twenty credits are required for graduation.

**REQUESTS FOR TEACHERS**

District 7 staff strives to meet the needs of each child. Children are placed in a particular classroom based on a number of educational factors designed to keep classes balanced. For these reasons, we do not accept requests for a specific teacher. Any parent who may have a serious educational concern that could be affected by his/her child’s placement should contact the principal before registration.

**HOMEWORK**

In District 7, we believe that homework is an integral part of the learning process. Homework fosters skill building through repetition, allows the teacher to assess student development on a regular basis, and teaches children to learn independently.

Parents should expect that their children will be assigned homework throughout the course of their education in District 7. The amount of homework tends to increase as the child becomes older. Parents should check with their children on a daily basis to make sure that homework is brought home and completed in a timely manner. If a child rarely brings homework home, parents should immediately check with the teacher. Specifics regarding homework can be obtained by contacting their child’s teacher.

**District 7 Grading Practices Regarding Submission of Late Work:** Each teacher is responsible for developing grading guidelines that are communicated to parents and students via their school handbook, course syllabi, or information that is sent home at the beginning of each year. This information would include the submission of late assignments for credit. Individual teachers may provide exceptions to their practices based on individual circumstances as they occur.

District 7 has several grading practices that are implemented district-wide:

a. Students who have an excused absence receive one day per each day of excused absence to turn in late work (e.g., a two-day excused absence allows the students two additional days to submit late assignments)
b. Students who are suspended out-of-school will be allowed to make up missed assignments for equivalent academic credit provided that the work is completed and turned in to the teacher in a timely manner.

SAFETY DRILL PROCEDURES AND CONDUCT
Safety drills will occur at times established by the administration. Students are required to be silent and shall comply with the directions of school officials during emergency drills. There will be a minimum of three (3) evacuation drills, a minimum of one (1) severe weather (shelter-in-place) drill, a minimum of one (1) law enforcement drill to address an active shooter incident, and a minimum of one (1) bus evacuation drill each school year. There may be other drills at the direction of the administration. Drills may not be preceded by a warning to the students.

SPECIAL PROGRAMS
All students in District 7 will be viewed as potential candidates for enrichment and accelerated programs. The program serving gifted students is divided into two levels: the middle school Honors Program, and the high school Honors Program. A student’s participation in the program may range from one to all levels throughout his/her school experience. High school students are recommended for honors or advanced placement classes, or they may self-select these classes. Students must maintain a B average in a content area to select advanced classes the following year. High school counselors will work with students each year to register for appropriate level courses.

GIFTED PROGRAM High school students are recommended for honors or advanced placement classes and may self-select these classes as well. Students must maintain a B average in a content area to select advanced classes the following year. High school counselors will work with students each year to register for appropriate level courses.

HONOR ROLL Students who receive high grades earn placement on the honor roll each time grades are issued. In order to be listed, a student must have at least a 3.5 average in all courses and receive grades for at least four academic courses. Those students who have a straight “A” average (4.0) in all academic courses will be placed on the high honor roll.

HOMEBOUND PROGRAM A student may be eligible for homebound instruction whenever it is anticipated a student will be absent for at least two consecutive weeks or for at least two consecutive days periodically throughout the school year totaling at least 10 days or more due to their medical condition.

Students who go on homebound status may find their courses reduced due to the impossibility of teaching all courses in off-campus situations. Homebound students may not be able to maintain a normal class load.

Parents/guardians should contact their student’s building principal if a student has a diagnosed medical condition that may cause absences from the school. The Assistant Superintendent of Personnel & Student Services will review the parent application for home/hospital services and communicate with the student’s physician to determine eligibility for homebound services.
STUDENT SCHEDULES

SCHEDULE CHANGES Students should involve parents, teachers, and guidance counselors to ensure their course selections are appropriate to their needs and interests. In general, schedule changes are discouraged after school has begun. However, special circumstances may arise.

TRACK CHANGES Students may request track changes from one ability level to another at any time during the first or third quarters. Parent permission and the permission of the respective teachers are required before a track change can be made.

DROPPING A COURSE FOR A STUDY HALL Students may request to drop a course to add a study hall during the first five weeks of a semester without penalty. This may be requested providing a study hall is not already in their schedule. If a student does have a study hall and still wishes to drop a course, a grade of “F” and no credit for the course will be reported and calculated for the student’s semester report card. Parent permission is required to drop a course and add a study hall. If a student drops a class after five weeks into the semester, a grade of “F” will be reported.

SECTION CHANGES If a student wishes to make a section change, at least one of the following criteria must be met:

1. The student has taken and failed a course with the assigned teacher,
2. The student has had a documented conflict with the assigned teacher; or
3. The student has been enrolled into the wrong course for the intended subject area.

STUDENT SERVICES

GUIDANCE INFORMATION All students at Edwardsville High School are assigned a guidance counselor. For 2020-2021, counselor assignments will be as follows:

The counselor’s primary role is to provide academic advisement. As an academic advisor, the counselor assists students in making course selections that are appropriate for the students’ abilities and future goals. Proper course selection, with careful attention to a student’s abilities, interests, and future goals, helps to avoid difficulties. The counselor will notify students of graduation requirements, concerns about grades, college or career requirements, testing, etc. The counselor also acts as a reference for college, scholarship, and/or job applications. Counselors meet more frequently with students each year during the registration process. Also, as progress reports and grade cards come out, counselors are especially active with teachers, parents, and students in resolving academic conflicts.

When students are faced with challenges, counselors will provide personal support as well. Throughout the four years of high school, counselors know and work with their students in every aspect of high school life. In addition, counselors are available to address specific problems students may be experiencing. Students and parents are strongly encouraged to contact counselors whenever a problem arises. They are always there when help is needed.

VOCATIONAL PLANNING Good vocational planning and career exploration begin when we select classes. A variety of courses are offered in the high school that will provide students with experiences introducing them to the world of work. If a student desires an entry-level job upon graduation, it is advisable to follow a specific sequence of courses in a particular vocational field. Students should work with their counselor to establish the appropriate course subject pattern.

CAREERS It is never too early to begin exploring the world of work. As a part of the registration process, time is devoted to careers and the impact high school courses have on these future opportunities. Speakers are
sometimes brought in to give first-hand information about specific jobs. Because not all students plan to attend college, information on trade and technical schools, military options, and employment opportunities is also made available.

**REGISTRATION** The registration process for next year’s classes begins prior to the end of the first semester. The Edwardsville High School Course Handbook will be distributed at this time. In addition to course descriptions, this handbook also contains information covering graduation requirements and includes a four-year planning guide. The Course Handbook can also be viewed on-line at www.ecusd7.org/EHS/guidance.

**COLLEGE PLANNING** Many students choose to continue their education beyond high school. As they enter their junior year of high school in particular, the focus on options for the future becomes more distinct. The counselor works with each student to make him/her aware of tests, course requirements, and procedures necessary for college entrance. In addition, representatives from many colleges meet with our students in the Guidance Office throughout the school year. Catalogs and applications are all readily available to help make choosing a college easier. Specific information about applying for college, scholarship eligibility, and financial aid will be made available during the junior year.

**TESTING DATES AND DESCRIPTIONS** General assessments and achievement testing are utilized throughout the District to monitor academic growth and achievement and to inform instruction. EHS is required to administer the PSAT 8/9 in grade 9, the PSAT 10 in grade 10, and the SAT to all 11th grade students. EHS will also administer the Dynamic Learning Maps Assessment for students with Intellectual Disabilities in grade 9, 10, 11.

Information regarding testing, including ACT and AP exams, may be obtained from your counselor. You may also visit the testing websites listed in the descriptions below:

**ACT (American College Testing)/SAT (Scholastic Aptitude Test):** Following the cancellation of the 2020 spring SAT and ACT tests due to COVID-19, a number of colleges across the nation are going test-optional in 2021: students applying for the fall of 2021 will not be required to submit an ACT or SAT test score for admission. The colleges’ response echoes the request of many students wondering if they would get an opportunity to take the ACT or SAT (and earn their goal score) before fall admissions deadlines. The list of colleges going test optional is growing every day. Please check with the university or college of your choice. It is our strong suspicion that all schools with go test optional or will extend entrance exam submission deadlines. Students should refer to each college’s catalog for specific information. Please visit [https://collegereadiness.collegeboard.org/sat](https://collegereadiness.collegeboard.org/sat) for more information.

**ADVANCED PLACEMENT TESTS:** These tests are given in several subject areas. In previous years, tests in Advanced Placement English, Calculus, Advanced Chemistry, Honors Programming, Art, Biology, Human Geography, Macroeconomics, Microeconomics, and others have been given. Students who score well may be able to obtain college credit and/or proficiency from certain courses. AP tests are scheduled for May 2021. Please visit the AP website at [https://apcentral.collegeboard.org](https://apcentral.collegeboard.org) for more information.

**ARMED FORCES VOCATIONAL APTITUDE BATTERY:** The ASVAB test will be given to interested juniors and seniors in the fall. This test is used by the military to help determine your abilities in both academic and vocational areas and must be taken if you wish to enter the armed services. Students who want to take this test must sign up in the Guidance Office during the last week in October and first week in November. Please visit [www.military.com/ASVAB](http://www.military.com/ASVAB) for more information.

**PSAT/NMSQT (Preliminary Scholastic Aptitude Test/National Merit Scholarship Qualifying Test):** This test is required for all students who wish to be considered for a National Merit Scholarship. A very high test score is required to become a semifinalist. This is also the test African-American students must take to compete for scholarships from the National Achievement Program for Outstanding African American Students. The PSAT/NMSQT is a multiple-choice test that measures verbal and mathematical reasoning ability important for success in college. It is recommended that this test be taken in the junior year; test date to be determined. This test is not required for college admission. Registration is done by the student in the guidance office during the second week in October. Please visit [www.collegeboard.org](http://www.collegeboard.org) for more information.

STUDENT IDENTIFICATION (ID) CARDS The purpose of wearing a required ID card is to provide a safe and secure educational environment at Edwardsville High School. ID cards assist staff in identifying students, and they also provide access to Media Center services and various school-sponsored events. Each student will be issued a complimentary identification card and lanyard at registration that he/she is required to wear at all times while on school property and on the school bus. Students may purchase additional ID cards for $2.00 each and lanyards for $1.00 each at registration.

Any student who loses his/her identification card will be required to purchase a replacement ID card and lanyard for $5.00. Students not in possession of an identification card will be required to obtain a temporary ID sticker. Students who habitually do not have an ID card will face disciplinary action.
All students must wear a lanyard and ID around their neck and on the outside of their clothing at all times during the day while on school property and the school bus. The ID must be clearly visible on the front of the student. No decorative stickers or defacing of any type is allowed on the ID cards.

Students defacing their ID card will be required to purchase a new ID card and may face disciplinary action. Any student found wearing an ID that is not his/her own will face disciplinary action.

Students reporting to the office before school for a new ID must pay for the replacement and will not be subject to any discipline. However, students late to class as a result of securing a replacement ID or temporary ID will be marked tardy.

The reimbursement supports vital special education services.

The District has a policy prohibiting the use of audio, visual, and other recording devices at IEP and Section 504 meetings. Exceptions to this prohibition may be made when a parent/guardian, student, or employee is a qualified person with a disability under Section 504 or has a language barrier that prevents his or her access to or meaningful participation at such meetings and recording of such meeting is selected as a reasonable accommodation to ensure equal access and participation at the meetings. A parent/guardian wishing to request an exception should consult Board Policy 6.120.1. AMERICANS WITH DISABILITIES ACT OF 1990 SECTION 504 OF THE REHABILITATION ACT OF 1973

The Americans with Disabilities Act of 1990 (“ADA”) protects individuals with disabilities. The ADA requires equal opportunity for individuals with disabilities in employment, public accommodations, transportation, state and local government services, and telecommunications.

TITLE II - SCHOOL DISTRICT SERVICES

Under Subtitle A, Title II of the ADA, no qualified individual with a disability shall, by reason of such disability, be excluded from participation in or be denied the benefits of school district services, programs or activities, or be subjected to discrimination by the school district. School district services, programs and activities, when viewed as a whole, are required to be accessible to qualified persons with disabilities, and communications with persons with disabilities are to be as effective as communications with others.

The school district is required to reasonably accommodate persons with disabilities where necessary to comply with these requirements. Retaliation for exercising rights under the ADA, making a complaint, or participating in an ADA investigation is prohibited. Persons may not be discriminated against because of a relationship or association with a person with a disability.

The school district has conducted a transition plan for compliance with the ADA and will allow interested persons to participate by submitting comments. The transition plan is a public document. A copy of this Public Notice is available upon request in Braille, large print, or on audiocassette.

SECTION 504

Pursuant to Board of Education Policy (Section 507) this school district does not discriminate against students on the basis of disability as defined under regulations implementing Section 504 of the Rehabilitation Act of 1997 (hereinafter “Section 504”) as regards to, or the use of, the district’s programs, services, and activities.

A copy of the school district’s policy regarding Section 504 services and the District’s ADA transition plan can be obtained by contacting the Assistant Superintendent of Personnel & Student Services 655-6016 at the Edwardsville School District Administrative Offices (Designated ADA/Section 504 Coordinator).
QUESTIONS REGARDING A CHILD’S EDUCATION & SCHOOL-RELATED ACTIVITIES

If parents have a question or concern about their child’s progress in school or school-related activities, the FIRST person to see is the TEACHER/SPONSOR/COACH. They are always the best source of information regarding a child, for they work with him/her on a daily basis and share parents’ concerns. One of the most valuable things parents can do for their child’s education is to keep in close contact with his/her teachers/sponsors/coaches.

If parents have further concerns or questions of a more general nature, then they should call the school principal. In District 7, building principals are looked upon as instructional leaders. They are extremely knowledgeable about their students and staff and are an excellent source for assistance.

The next step is the central office (Hadley House). There are seven offices in Hadley House: Business, Food Service, IS&S, Personnel, Curriculum & Instruction, Student Services & Special Education, and the Superintendent’s Office. Any of the administrators in these offices can assist parents with their questions.

For specific questions, parents may call the following:

- Bus Routes & Information 655-6019
- Food Service (free/reduced program) 656-1586
- Student Services & Special Education 655-6016
- Curriculum Office 655-6021

Interested parties who have a general question about the District may call Hadley House at 656-1182.

In accordance with ESEA Section 1111(h) (6) PARENTS RIGHT TO KNOW, the Edwardsville School District is notifying every parent of a Title I school that you have the right and may request information regarding the professional qualifications of your child’s teacher or paraprofessional. This information regarding the professional qualifications of your child’s teacher including, at a minimum, the following:

1. Whether the teacher has met the State qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction.
2. Whether the teacher is teaching under emergency or other provisional status through which State qualifications or licensing criteria have been waived.
3. The baccalaureate degree major of the teacher and any other graduate certification or degree held by the teacher, and the field of discipline of the certification or degree.
4. Whether the child is provided services by paraprofessionals and, if so, their qualifications. If at any time your child has been taught for four or more consecutive weeks by a teacher not highly qualified, the school will notify you.

If you have questions, please contact the District office.

HEALTH SERVICE

CLINIC The health service offered by the school district is to be viewed as a valuable supporting service. The Health Clinic is the office station for the nurse. The nurse is scheduled to be in our building each day; however, special or emergency needs throughout the District may cause minor alterations in a set schedule. It is necessary for students to obtain passes from their teachers or administrator before reporting to the nurse. Under no circumstances may a student who is ill leave school without checking with the school nurse or an administrator. The nurse or administrator must contact the parent/guardian prior to the student leaving school. Students may not make their own arrangements to leave school.

MEDICATION POLICY Edwardsville Community Unit School District 7 has adopted a policy regarding administration of medication (including non-prescription medications such as aspirin and Tylenol) during school hours and at school-related events. A student who needs medication to be administered during school hours or school-related events must have submitted a completed request for MEDICATION TO BE ADMINISTERED AT SCHOOL FORM.
A student may possess medication prescribed for asthma for immediate use at the student’s discretion, provided the student’s parent/guardian has authorized the student to carry and self-administer the medication and has completed and signed the form entitled “Request for Medication to be Administered at School.” If authorized by the student’s physician and the student’s parent/guardian and physician have completed the form entitled “Request for Medication to be Administered at School,” a student may carry and self-administer an epinephrine injector. If authorized by the student’s physician and the student’s parent/guardian and physician have completed the form entitled “make Request for Medication to be Administered at School,” a student may also possess the supplies and equipment necessary to manage their diabetes pursuant to a physician-approved Diabetes Care Plan. Please see the building principal or nurse regarding the District’s medication policy and to obtain required forms.

The Superintendent or designee will ensure an Emergency Action Plan is developed for each self-administering student. A student may self-administer medication required under a qualifying plan, provided the student’s parent/guardian has completed and signed a School Medication Authorization Form. A qualifying plan means: (1) an asthma action plan, (2) an Individual Health Care Action Plan, (3) an Ill. Food Allergy Emergency Action Plan and Treatment Authorization Form, (4) a plan pursuant to Section 504 of the federal Rehabilitation Act of 1973, or (5) a plan pursuant to the federal Individuals with Disabilities Education Act.

The STUDENT INFORMATION FORM is the only source for school personnel to know whom to contact in the event of a serious injury or illness, and exactly how to contact these persons. It is imperative that the information on this form be kept current at all times.

STUDENTS WITH DIABETES A diabetes care plan will be developed for any student who seeks assistance with diabetes care in the school setting. It is the responsibility of the student’s parent or guardian to share information regarding the student’s diagnosis, recommended treatment, and required medication upon the initial diagnosis or any change to the treatment plan. Parents must provide the student’s health care provider’s instructions concerning the student’s diabetes management in writing to school staff. The diabetes care plan shall include the treating health care provider’s instructions concerning the student’s diabetes management during the school day, including a copy of the signed prescription and the methods of insulin administration.

STUDENTS WITH LIFE THREATENING FOOD ALLERGIES The District has implemented a life threatening food allergy management program which identifies students with life-threatening food allergies, prevents exposure to known life-threatening food allergens, responds to life-threatening allergic reactions to food, and educates and trains school personnel who interact with students with life-threatening food allergies on the management of students with life-threatening food allergies. Parents of students with life-threatening allergies must provide the District with written documentation from the student’s health care provider which identifies the allergy upon diagnosis and annually thereafter.

If your child has a life-threatening allergy or life-threatening chronic illness, please notify the building principal and/or school nurse. Federal law protects students from discrimination due to a disability that substantially limits a major life activity. If your child has a qualifying disability, an individualized Section 504 Plan will be developed and implemented to provide the needed supports so that your child can access his or her education as effectively as students without disabilities. Not all students with life-threatening allergies and life-threatening chronic illnesses may be eligible under Section 504. Our school district also may be able to appropriately meet a student’s needs through other means. If your child has a life-threatening allergy, an emergency action plan and health care plan will be developed and implemented in order to provide the best care for your child. If an EpiPen injector has been prescribed, the parent/guardian will be responsible for notifying the school nurse/principal and providing the necessary emergency documentation and medication.

ADMINISTRATION OF MEDICAL CANNABIS The Compassionate Use of Medical Cannabis program Act allows medical cannabis infused product to be administered to a student by one or more of the following individuals:

1. Their parent/guardian, or designee, registered as a designated caregiver to administer medical cannabis to the student. Both the student and the designated caregiver must possess valid registry identification cards issued by the Illinois Department of Public Health (IDPH), copies of such to be provided to the
District. After administering the product to the student, the designated caregiver will immediately remove it from school premises.

2. A properly trained school nurse or administrator
3. The student him or herself when the self-administration takes place under the direct supervision of a school nurse or administrator.

The student’s parent/guardian must complete a School Medication Authorization Form – Medical Cannabis. The product may not be administered in a manner that, in the opinion of the District or school, would create a disruption to the educational environment or cause exposure of the product to other students. The District retains the right to use its discretion to regulate the administration of the product, which may not be administered in a manner that, in the opinion of the District or school, would create a disruption to the educational environment or cause exposure of the product to other students.

SCHOOL SAFETY

THE SCHOOL RESOURCE OFFICER MISSION STATEMENT The Edwardsville Police School Resource Officer Program places an officer in the high school in an effort to create and maintain a safer learning environment. The School Resource Officer Program reflects a community partnership between Edwardsville Community School District 7 and the City of Edwardsville Police Department to ensure that our schools have safe, secure, and orderly learning environments. The SRO should be viewed as a resource person. The SRO fulfills three roles by using a triad approach. The SRO acts as a law enforcement officer, a law-related counselor, and a law-related guide. As a law-related counselor, the officer provides legal guidance to students and acts as a link to support services both inside and outside the high school. As a law-related guide, the officer will share special law enforcement expertise in the classroom to promote a better understanding of our laws upon request. The officer welcomes visits from all students, parents, and staff members.

VIDEO SURVEILLANCE All campus buildings and grounds, both interior and exterior, are owned by the school. Students have no reasonable expectation of privacy while on school property. All public areas of campus grounds, building classrooms, commons rooms, and hallways are subject to video surveillance, and the students are hereby notified of the school’s intent to use such video surveillance throughout these locations. These systems have been put in place to protect students, staff, visitors and school property. If a discipline problem is captured on audiotape or videotape, these recordings may be used as the basis for imposing student discipline. If criminal actions are recorded, a copy of the tape may be provided to law enforcement personnel only. Any student caught defacing, damaging or destroying video surveillance cameras will have to make restitution, and may be suspended, expelled, and/or recommended to an Alternative School and/or may be charged with criminal damage to school property.

SAFETY ALERT PROGRAM District 7’s safety and weather alert system consists of three components: an email safety alert system, a telephone broadcast system, and a web alert system.

SAFETY ALERTS – VIOLENCE The system is used to alert parents to viable threats and/or to dispel rumors. Students sometimes attempt to use fear to manipulate others around them—often because they think it’s funny or just want to have a day off. All threats will be treated seriously and will be investigated by the District and public safety officials. Anyone responsible for threats faces discipline, including possible expulsion from school and criminal prosecution.

SAFETY ALERTS – WEATHER The system is used to alert parents to cancellation of school due to inclement weather.

SAFETY ALERT NOTIFICATION A message will be posted on each alert system, stating one of the following:

• There are no current safety alerts; please disregard rumors.
• There is a viable threat.
• School has been cancelled due to inclement weather.

Parents can access safety alert information in four ways:

• Subscribe to the email alert system at www.ecusd7.org/alert/subscribe.asp
• Parents will receive messages by phone on the numbers listed on their child’s Student Information Sheet
Visit the District’s website at www.ecusd7.org/alert

Subscribers to the Email Alert system will not be able to reply to the system. Callers to the hotline will not be able to leave messages.

PICK-UP PROCEDURES IN THE EVENT OF THE EVACUATION OF STUDENTS TO AN ALTERNATE FACILITY

- **Prepare your child.** Children who are prepared experience less fear and hysteria. Let your child know who can make the pick-up at school if you are unable to do so. Reassure your child that he/she will be cared for until you arrive.
- **Keep your child’s emergency contact information up-to-date.** The only people other than yourself who will be allowed to pick up your child are those whom you authorize on the Student Information Sheet. No student will be allowed to leave with another person, even a relative, unless the school has prior written permission from the parent/guardian.
- **Remain calm.** It is imperative that you do not strain resources that are attempting to direct and maintain emergency responses. Follow all instructions given by School and Emergency Response Officials to facilitate an orderly process.
- **Do not call school and tie up the school phone.** Information will be disseminated to parents through the school district’s Telephone Broadcast System, Email Alerts, and Web Alerts (www.ecusd7.org).
- **If possible, walk from your home.** Parent parking areas will be congested. Ride with another parent if possible.
- **Park only in areas designated for parents.** Do not park in other areas that may be designated for emergency response vehicles or areas that may block an orderly flow of traffic.
- **Do not attempt to pick up your child directly from the student assembly area.** Parents and authorized adults must first report to the Student Request Table.
- **Bring a government-issued, photo ID with you to the Student Request Table and Student Release Table.** Students will only be released to their parents or to an adult designated on the child’s Student Information Sheet.
- **Talk to the Parent Information Officer if you have any questions.** This will help the Student Release Team avoid bottlenecks at the Student Request and Student Release Tables.
- **Pick up all students for whom you are authorized.**
- **Sign out at the Student Release Table.** The staff will locate and bring your child to you. No student will be released without a parent signature, noting time of release, destination, and phone number.
- **Leave the campus immediately after being reunited with the student.**
- **Information from the school district on retrieving student property that may still be left on school property will be forthcoming.**

NOTIFICATION REGARDING STUDENT ACCOUNTS OR PROFILES ON SOCIAL NETWORKING WEBSITES

The Superintendent or designee shall notify students and their parents/guardians of each of the following in accordance with the Right to Privacy in the School Setting Act, 105 ILCS 75/:

1. School officials may not request or require a student or his or her parent/guardian to provide a password or other related account information to gain access to the student’s account or profile on a social networking website.
2. School officials may conduct an investigation or require a student to cooperate in an investigation if there is specific information about activity on the student’s account on a social networking website that violates a school disciplinary rule or policy. In the course of an investigation, the student may be required to share the content that is reported in order to allow school officials to make a factual determination.

PROCEDURE FOR HOME/SCHOOL PROBLEMS The faculty and administration of EHS are sincerely interested in the educational welfare, rights, and responsibilities of its students. Occasionally, a problem may arise between a student and/or parent and EHS. If there is a problem in the classroom, you are encouraged to contact the teacher by calling the high school office. Should you have a problem with an EHS policy or procedure, please call or see an administrator. If you do not receive satisfaction from the teacher or assistant principal, you may contact the principal or superintendent or his designee and finally, the Board of Education. Every effort will be made to find a fair solution to any problem.

Good communication between the home and school is the key ingredient to stopping or solving a problem. Please begin your complaint with the proper person, which will almost always be the teacher and/or administrator.

VISITORS TO SCHOOL BUILDINGS (Subject to change based on ISBE and IDPH Guideline related to Covid-19) The Board of Education is committed to securing all of its buildings to maintain a safe and appropriate learning environment for all of its students. All school doors, except the front entrance doors, are locked during school hours. All those who seek access to school buildings when school is in session shall be required to present government issued photo identification, state his or her purpose for visiting the school and be issued a visitor’s badge. The visitor may then only access the school for the stated purpose. However, District 7 policy requires that all persons entering a school building sign in with the School Safety Officer and report to a designated school official. The officers ensure that access to the building is limited to authorized individuals; that building security and safety procedures are followed; and that Board policies related to security, safety, and conduct are followed. For those parents/guardians who will visit a classroom, they shall first request permission from the teacher and building principal and schedule an appointment for the visit. All other individuals desiring to visit or observe in a classroom must first request an appointment in writing with the Building Principal, setting forth the proposed purpose and duration of the visit. The principal will determine whether to permit the visit or observation. In determining whether to grant a visit to a classroom, the principal will consider a variety of factors, including the reason for the visit, the potential impact of the visit upon the environment, whether alternative means exist for achieving the same purpose, any past request of the individual to visit, and the proposed duration of the visit. Any visit or observation to the classroom must not interfere with or disrupt the educational process. Visits to the classroom will be limited in duration. The visitor may be escorted by an authorized District 7 representative. The District shall also permit visits in compliance with Section 14-8.02(g-5) of the School Code.

Like all other District 7 schools, Nelson Campus is a closed campus. All visitors to District 7 schools should be accompanied by an authorized District 7 representative.

TRANSFER AND WITHDRAWAL Any student transferring or withdrawing from school must obtain a withdrawal form from the registrar. This form must be taken by the student to various stations for clearance. All books are to be returned to each teacher who will then issue a grade up to the time of withdrawal. After all proper signatures have been obtained, the form should be returned to the Guidance Office.
HEALTH EXAMINATIONS AND IMMUNIZATIONS  Illinois state law requires ninth graders to have a health examination and all new out-of-state transfer students to have a health examination and an up-to-date immunization record. All students entering ninth grade are required to present appropriate proof that the student received a health examination and the immunizations against, and screenings for, preventable communicable diseases within one year prior to ninth grade.

All students must show proof of immunity against mumps, rubella, measles, tetanus, diphtheria, whooping cough, and poliomyelitis. Immunizations must be current and in compliance with the Illinois Department of Public Health Rules and Regulations. Proof of immunization against meningococcal disease is required for students in grade 12. The required health examinations must include a diabetes screening (diabetes testing is not required) and a statement from a physician assuring “risk-assessed” or screened for lead poisoning. All health examinations must be recorded on the authorized state of Illinois or similar form. Students will be excluded from school if examinations are not on file by October 15.

New students who register mid-term shall have 30 days following registration to comply with the health examination and immunization regulations. If a medical reason prevents a student from receiving a required immunization by October 15, the student must present, by October 15, an immunization schedule and a statement of the medical reasons causing the delay. An appropriate medical professional must sign the schedule and statement of medical reasons. Students who are not compliant with physical examination and immunization requirements and have not submitted a waiver to be exempt from immunizations will be excluded from school and will not be permitted to make-up work for academic credit for their absences.

Students entering ninth grade must present proof of having had a dental examination by May 15 of the current school year of having been examined by a licensed dentist within the last 18 months. If the student does not present such proof, the District may hold the student’s report card until the student presents proof: (1) of a completed eye examination, or (2) that an eye examination will take place within 60 days after October 15.

All students enrolling in kindergarten in a public, private or parochial school and any student enrolling for the first time in a public, private or parochial school must present proof of an eye examination by a physician licensed to practice medicine in all of its branches or a licensed optometrist performed within one year prior to entry of Kindergarten or the school by October 15 of the school year. Waivers to the requirement are available for financial hardship. Please contact the school nurse for details. Failure to present proof by October 15, allows the school to hold the student’s report card until the student presents proof: (1) of a completed eye examination, or (2) that an eye examination will take place within 60 days after October 15.

Parent(s)/guardian(s) may access informational materials regarding influenza, influenza vaccinations, meningococcal disease, and meningococcal vaccinations developed, provided, or approved by the Illinois Department of Public Health on the District website or at the District office.

Exemptions
Students will be exempt from the health, vision, and/or dental examinations for the following reasons:

1. Religious grounds if the student’s parent/guardian presents to the building principal a completed Certificate of Religious Exemption.

In compliance with Public Act 99-249, parents/guardians who object to health, dental, or eye examinations or any part thereof, to immunizations, or to hearing and vision screening tests on religious grounds must submit a Certificate of Religious Exemption to make such an objection. The Certificate of Religious Exemption must:

1. Detail the grounds for the objection and the specific immunizations, tests, or examinations to which the parent/guardian objects;
2. Be signed by the parent/guardian; and
3. Be signed by the authorizing examining health care provider responsible for the performance of the child’s health examination.

The grounds for objection must set forth the specific religious belief that conflict with the examination, tests, immunization, or other medical intervention. The religious objection stated need not be directed by the tenets of an established religious organization. However, general philosophical or moral reluctance to allow physical examinations, eye examinations, immunizations, vision and hearing screenings, or dental
examinations does not provide a sufficient basis for an exception to statutory requirements.

The parent’s/guardian’s signature serves to reflect his/her understanding of the school’s exclusion policies in the case of a vaccine-preventable disease outbreak or exposure. The health care provider’s signature serves as confirmation that the provider provided education to the parent/guardian on the benefits of immunization and the health risks to the student and to the community of the communicable diseases for which immunization is required in Illinois. The health care provider’s signature reflects only that education was provided, and does not allow the health care provider grounds to determine a religious exemption. Parents/guardians claiming a religious objection must present the schools with a Certificate of Religious Exemption for each child prior to the child entering kindergarten, sixth grade, and ninth grade. Discretion to determine whether the content of a Certificate of Religious Exemption constitutes a valid religious objection lies with the Edwardsville School District.

The Certificate of Religious Exemption has been created by the Illinois Department of Public Health (“IDPH”) and is available on the IDPH’s website at: www.dph.illinois.gov/sites/default/files/forms/ohpformsil-certificate-religious-exemption-form-81815.pdf

2. Health examination or immunization requirements on medical grounds if a physician, advanced registered practice nurse, or physician assistant provides written verification.
3. Eye examination requirement if the student’s parent/guardian shows an undue burden or lack of access to a physician licensed to practice medicine in all of its branches who provides eye examinations or a licensed optometrist.
4. Dental examination requirement if the student’s parent/guardian shows an undue burden or lack of access to a dentist.

**Contagious Disease**
At times it is necessary to exclude students from school for certain conditions that may be contagious to the other students. The school will observe recommendations of the Illinois Department of Public Health regarding communicable diseases.

1. Parents are required to notify the school nurse if they suspect their child has a communicable disease.
2. In certain cases, students with a communicable disease may be excluded from school or sent home from school following notification of the parent or guardian. The decision to allow attendance will be made by the school nurse.
3. The school will provide written instructions to the parent or guardian regarding appropriate treatment for the communicable disease.
4. A student excluded because of a communicable disease will be permitted to return to school only when the parent or guardian brings to the school a letter from the student’s doctor stating that the student is no longer contagious or at risk of spreading the communicable disease.
5. A Susceptibility List will be kept in each building indicating the students who are at risk due to lack of immunizations, medical exemptions, or religious exemptions. Parents of susceptible students will be notified in the event of a communicable disease outbreak.

**ACCIDENT INSURANCE** Edwardsville High School does not carry any insurance policy that covers student injuries. Accident insurance can be purchased for any student from insurance companies that specialize in this type of coverage. This insurance is optional except for those students participating in athletics. They must take it or bring a statement signed by a parent/guardian, stating they are adequately covered. It covers students while at school during school hours and on the way to and from school. However, it does not cover students when they are truant.
NOTIFICATION OF VISION AND HEARING SCREENING SERVICES

The Illinois School Code requires that students enrolled in an early childhood program, pre-kindergarten program, kindergarten, second grade, eighth grade, are in all special education classes for instruction, are referred by teachers and all transfer students must have a vision screening during the school year. Vision screening is not a substitute for a complete eye and vision evaluation by an eye doctor. A child is not required to undergo this vision screening if an optometrist or ophthalmologist has completed and signed a report form indicating that an examination has been administered within the previous 12 months. If a child has been seen by an optometrist or ophthalmologist within the previous 12 months, please provide the signed report form to the school nurse no later than October 15.

In addition, The Illinois School Code requires students enrolled in the following grade levels to have a hearing screening: early childhood program, pre-kindergarten program, kindergarten, first grade, second grade, third grade, or any student enrolled in special education courses. In addition, a student must be screened if the student transfers from another school district or the student is referred by a teacher.

If parents have questions regarding these screenings or their child’s participation in these screenings, please contact the Assistant Superintendent of Personnel & Student Services, 708 St. Louis Street, Edwardsville, Illinois 62025.

CLOSED CAMPUS Edwardsville High School maintains a closed campus. Students are not permitted to leave the campus from the time of arrival until school is dismissed unless their instructional program requires them to leave. After arriving and during school hours, students are prohibited from entering, walking on, or passing through any asphalt parking lot or thoroughfare which surrounds the school building, unless they are either authorized to do so or under staff supervision. Violations of the policy will result in discipline issued on a case-by-case basis.

STUDENT INFORMATION/EMERGENCY FORMS Student information forms are a vital part of information that parents should complete for their children and submit prior to or during the first week of school. This information is used by all offices but particularly by the CLINIC. If your child is ill or injured, be assured that an attempt will be made to contact the parents; however, it is essential to submit three (3) other names in case of your absence. Be sure to include your signature. Note any SPECIAL HEALTH CONDITIONS, either physical or psychological. Please fill out the form completely. If changes need to be made to emergency form information, please call the Clinic at extensions 20147, 20148, or 20151.

PARTICIPATING IN EXTRACURRICULAR ACTIVITIES Students who participate in extracurricular activities must attend a minimum of four periods on the day of an extracurricular or co-curricular activity in order to attend or participate in that activity during the day or evening. Students who are absent from school for a doctor or dental appointment may attend or participate in an activity with a written doctor’s statement. Furthermore, students who are consistently tardy or absent the day following an extracurricular activity (i.e., football game, volleyball match, play performance, etc.), may be removed from the activity or disciplined. Parental requests that students be allowed to come to school late on the day after an extracurricular activity will not be granted, and the student’s absence will be counted as unexcused.

LUNCH PROGRAM

The District will continue to provide a complete, nutritious lunch and breakfast program in all schools. Students in the elementary schools have a choice of entrees at lunch; middle school and high school students have a variety of choices, including snack bars and salads. Prices for 2020-2021 are as follows:

<table>

Snack and a la carte items are available for purchase at an additional cost. Students who bring their lunches from home may purchase milk.

The Food Service Department utilizes MySchoolBucks, a service that allows parents to prepay for their child’s school breakfast, lunch, and a la carte food items using their credit or debit card. You may access the service at www.MySchoolBucks.com. The service is optional.
FREE AND REDUCED-PRICED LUNCH A free and reduced lunch program is offered for eligible students as per federal guidelines. Applications are sent home at registration time or on the first day of school. Parents are welcome to join their children at breakfast or lunch. Students must re-apply for free or reduced-priced lunches within 30 days of the start of each school year. Applications for free and reduced-priced meals may be obtained in the Main Office. Anonymity of these students will be maintained.

Pursuant to the Hunger-Free Students’ Bill of Rights Act, the school is required to provide a federally reimbursable meal or snack to a student who requests one, regardless of whether the student has the ability to pay for the meal or snack or owes money for earlier meals or snacks. Students may not be provided with an alternative meal or snack and the school is prohibited from publicly identifying or stigmatizing a student who cannot pay for or owes money for a meal or snack.

Waiver of Student Fees Eligibility Criteria:

Students shall not be denied educational services or academic credit due to the inability of parent(s)/guardian(s) to pay fees and certain charges. Students whose parents are unable to afford student fees may receive a waiver of some fees. However, these students are not exempt from charges for lost and damaged books, locks, materials, supplies, and equipment. To maintain the quality of our educational programs, Edwardsville School District will make every effort to secure payment of student fees from each parent/guardian who is able to pay.

Students shall be eligible for a fee waiver when the student currently lives in a household that meets the same income guidelines, with the same limits based on household size, that are used for the federal free and reduced meals program.

Building principal or Assistant Superintendent of Business Operations will give additional consideration where one or more of the following factors are present:

- Illness in the family;
- Unusual expenses such as fire, flood, storm damage, etc.;
- Unemployment;
- Emergency situations;
- When one or more of the parents/guardians are involved in a work stoppage.

EMERGENCY TRANSPORTATION School officials will call an ambulance for students with medical emergencies if parents cannot be reached.

STUDENT PLANNERS/HALL PASSES Each student will be issued his/her own planner during the opening days of school. When a student is given a hall pass, he/she is expected to go directly about the specific business for which the pass was issued. Wandering the halls or making side trips while on a pass for a legitimate reason is not acceptable and will result in disciplinary action. For a student to be in a hallway or any place else outside of his/her assigned classroom during a class period, a pass is to be written beforehand by a staff member unless the student is coming into the building from an outside P.E. activity. If a student forges a staff member's signature, the student will be disciplined on a case-by-case basis.

STUDENT LOCKERS The school is not responsible for lost or stolen items, including textbooks. With that in mind, **do not bring valuable items or large amounts of money to school.** Lockers are owned by the school and may be opened by school authorities at their discretion. Students are responsible for the appearance and condition of their lockers. Nothing can be permanently attached, glued, or stuck on the inside or outside of lockers. Use of magnets inside lockers is acceptable. Sharing of lockers is prohibited and will result in disciplinary action. Students are furthermore permitted to use only their assigned lockers. **Only you can prevent theft by locking your lockers and by not bringing valuable items to school.** If a problem arises concerning lockers, please see the receptionist in the Main Office. Do not give other students the combination or the key to your lock.
STUDENT PARKING AND DRIVING RULES  The Edwardsville School District provides free bus transportation to every student who lives more than a mile and a half from school. However, some students prefer to use the privilege of driving to school. Students are allowed to park only on the designated student parking lots and with an issued parking permit. Students must apply for a parking permit and pay the fee involved before driving to school. Students must have paid book fees, overdue fines, and an emergency card on file. Students are allowed to park only in the designated student parking lot. Parking permits are issued through the Senior High School office. Also, students must submit the following in order to be eligible for a parking sticker and must abide by the following regulations:

1. Student parking stickers must be displayed at all times.
2. All student parking spaces will be assigned through a lottery in conjunction with the District 7 attendance policy. The lottery criteria are as follows:
   a. Seniors selected first; juniors, second; and sophomores, third.
   b. All fees and fines must be paid in full.
   c. Emergency forms must be completed, signed, and submitted.
   d. Students must submit a copy of their driver's license.
   e. Students must submit a copy of their insurance card.
   f. Students must provide their license plate number.
   g. Students must submit a check for $175.
   h. Self-addressed, stamped envelope must be included.

5. Student vehicles are to be parked in designated areas only.
6. Students may purchase a parking sticker for $175, which is nonrefundable.
7. The speed limit is 5 MPH.
8. Driving on District 7 properties is a privilege that will only be extended to those students who are good EHS citizens. Driving privileges will be revoked for at least one (1) quarter for the reasons below.
   a. Suspension days from behavior referrals or attendance problems which total to seven (7). Students will have parking stickers confiscated and revoked after seven (7) days of suspension, after seven (7) attendance referrals, after a combination of suspension days and attendance referrals which total seven (7), or after a closed campus violation. Once a student’s sticker is confiscated as a consequence for suspensions, attendance referrals, or violating closed campus, the student’s parking space will be sold to a student on the waiting list. After 85 school days, students who have had stickers revoked may apply to be on the waiting list for parking sticker sales.
   b. Cited for reckless driving.
   c. Third time cited for failure to display sticker.
   d. Third time cited for loitering in cars or on parking lot.
9. Students are not allowed to drive to the N.O. Nelson Complex for any reason. Students must ride the bus to and from both locations. If you miss the bus, report to the main office at EHS.
10. Seniors who graduate early or transfer are to turn in their parking stickers to their assistant principal on the last day of their attendance. Administration will reissue parking stickers.
11. Inappropriately parked vehicles or vehicles without an authorized parking sticker will be towed at the owner’s expense.
12. Only students who are siblings or who reside in the same home may share a parking sticker.

Drivers may not use the Sports Complex entrance or exit or parking lot in order to circumvent traffic in front of the high school. Any violation of this type may result in school discipline.

In addition, please refer to page 39-43 of this handbook for the impact of attendance guidelines on parking privileges.

Student automobiles that are parked on school grounds shall be subject to search by school authorities, including searches conducted through the use of specially trained dogs.
BUS REGULATIONS

All students who live more than one and one-half miles from the school they attend are eligible for bus transportation and for those students who live on the designated hazardous routes. Bus transportation is available ONLY between the school and the child's designated bus stop.

Only in special, pre-approved situations may a student ride a bus other than his/her assigned bus or leave the bus at any stop other than the assigned one. In emergency situations, the bus company must be notified by the parent/guardian or school administrator of any change in a student’s regular bus assignment. Questions concerning bus regulations should be directed to First Student at 656-0125.

Students are expected to exhibit the same good behavior on the school bus as they do in the classroom. The discipline guidelines explained on pages 46-59 are also enforced: 1) on the school bus, 2) at bus stops, 3) en route to athletic/ extracurricular activities, 4) on field trips, and 5) on bus routes between the student’s home and the school.

There are some situations unique to the school bus. Some examples of those are listed below:

1. Students should arrive promptly at their designated bus stop.
2. Students should stand away from the road while waiting for the bus.
3. Caution should be observed when approaching the bus. Students must wait for the bus to come to a complete stop.
4. Each student shall be seated immediately upon entering the bus. Students are not to stand or move from place to place while the bus is in motion.
5. Students should be alert to a danger signal from the driver.
6. In the event of an emergency, students should remain in the bus and wait for instructions from the driver.
7. Hands and head must be kept inside the bus. (Students should not use an open window to invite outside students over to the side of the bus.) Litter and other objects should not be thrown inside the bus or out bus windows.
8. Indecent conduct and/or loud, disruptive, or profane language will not be permitted.
9. Absolute quiet must be maintained when approaching a railroad crossing.
10. Vandalism is strictly prohibited. Any costs to repair damage to the bus must be paid by those responsible before transportation can be resumed.
11. Students should not touch or tamper with bus equipment.
12. Students should help keep the bus clean and safe at all times. The consumption of food or beverages is not permitted on the bus.
13. No live animals, including insects or reptiles, are permitted on the bus.
14. Books, coats, and instruments should be kept out of the aisles.
15. No article may be left on the bus.
16. Courtesy and consideration must be shown to the bus driver and other students on the bus.
17. Older students should help provide for the comfort and safety of younger children on the bus.
18. The driver can only stop at assigned stops.
19. Safety procedures should be carefully observed when unloading the bus. If crossing the roadway, students proceed to a point at least ten feet in front of the bus where traffic can clearly be seen from both directions and wait for a signal from the driver.
20. No tobacco products, including vaping devices, electronic cigarettes or other electronic delivery systems capable of delivering nicotine, controlled substances, or lookalikes are allowed on the bus.
21. Students may not use cellular telephones, pagers, text messaging devices and other digital devices (i.e., PDAs) while on the school bus.
22. Students in grades K-2 are required to have an adult present at the bus drop-off location.

We expect students to follow the direction of the bus driver as they would the teacher. Drivers may address student misbehavior through a conversation with the student, a change in seating assignment, or the driver may refer the matter to the building principal via a conduct notice. Procedures follow:

1. A conduct notice will be issued electronically by the bus company to the building Principal.
2. The principal or his/her designee will take the appropriate disciplinary action as described in this handbook in Section DISTRICT 7 PHILOSOPHY OF DISCIPLINE. In addition, students are subject to a suspension or expulsion from the bus for serious or repeated misconduct. The length of the bus suspension will be determined at the building level by the principal/assistant principal on a case-by-case basis. Students may be suspended from riding the school bus for up to 10 consecutive school days for violating school rules or for engaging in other gross disobedience or misconduct. The School Board may suspend the student from riding the school bus for a period in excess of 10 days for safety reasons. The district’s regular suspension procedures shall be used to suspend a student’s privilege to ride a school bus.

A parent may request a suspension review meeting to review the appropriateness of the bus suspension. The suspension review meeting will be conducted by the Board or a hearing officer appointed by the Board. If a hearing officer is appointed, he shall prepare a written summary of the evidence presented and present it to the Board. The Board shall review the hearing officer’s report and take such action as it finds appropriate. This request would need to be in written form and sent to the District office.

A student who is suspended from riding the school bus and who does not have alternate transportation to school shall be allowed the opportunity to make up all missed work for equivalent academic credit. The suspended student will have 1 day for each day of bus suspension to complete the makeup work. It is the responsibility of the student’s parent/legal guardian to notify the District that the student does not have alternative transportation to school.

RULES FOR STUDENTS WHO WALK, RIDE BICYCLES, OR ARE DROPPED OFF AT SCHOOL

Children who walk or ride their bicycles to school must also observe safety rules and follow the directions of crossing guards. They should remember basic rules of courtesy and refrain from littering or walking on the lawns of the nearby residents. Students are expected to observe school rules and maintain safe and appropriate behavior on their way to and from school. When dropping off children at school, PLEASE check with each building for proper drop-off and pick-up places.

DINING

STUDENTS ARE TO OBSERVE THE FOLLOWING:

1. Only EHS students and employees may eat in the cafeteria or Commons Area.
2. Place trash in a trash container and leave tables, chairs, and the floor free of all debris.
3. Return food tray to the designated area.
4. Cooperate with cafeteria personnel and monitors.
5. Food and drink will only be permitted in the Commons or Commons patio area.
   a. Students may not take food or drink items out of the Commons and into other parts of the building.
   b. Students who bring sack lunches from home must store their food in suitable containers, and it must remain in their lockers until the lunch period.
   c. No food from outside vendors may be brought onto the campus for delivery to students.
6. Students who fail to comply will receive disciplinary consequences.

Students must be in the EHS Commons or other designated areas of the building during his/her scheduled lunch period. All other parts of the building and grounds are OFF LIMITS.

LOST AND FOUND Lost articles will be kept in the Main Office. If not claimed by the end of the current quarter, items will be disposed of or donated to charity. The school has no insurance to cover losses and will assume no liability for any item lost or stolen.

MEDIA CENTER The Media Center is available to students before and after school and during the regular school day with a pass from that period’s teacher. Teachers are encouraged to orient their students to the Media Center through the Media Center staff.
ATTENDANCE

GUIDELINES All students are expected to be in class when school is in session. The importance of regular school attendance cannot be emphasized too strongly. Children miss valuable opportunities for learning and may jeopardize their grades and credits when they are absent or tardy.

Parents have the LEGAL responsibility of ensuring that their child attends school regularly. This responsibility requires that parents actively monitor their child’s school attendance.

A parent who knowingly permits a child to miss school without valid reason or who gives false information regarding the child’s absence may be in violation of the law. Parents have the responsibility for requiring and promoting their children's regular school attendance, which is the first step in achieving academic success. Parents are also responsible for notifying the school office of their children’s absences. Parents planning to take students out of school are responsible for making advance arrangements with the school administration.

An automatic calling system has been activated at Edwardsville High School. In order that the school has an accurate attendance count, it is required that a parent or guardian call the Attendance Office at 656-7100, ext. 20103 (grades 9 & 11) or 20102 (grades 10 & 12) in the morning to report their child's absence. An answering machine will take attendance calls from parents or legal guardians on school days from 7:00 a.m. to 4:00 p.m. Parents or guardians MUST leave a telephone number where they may be reached to confirm. However, if parents are unable to call on the day of the absence, a note including the parent or legal guardian’s phone number must be presented on the day the student returns to school.

The system automatically calls parents or guardians in the evening to inform them that their child was absent that day. The system will accept an answered call or call back if there is no answer.

A report on each absence must be made by a parent or guardian within 48 hours of the absence before a student may be excused for an absence. A phone call shall serve as the most dependable means of communication between home and school.

Parents/legal guardians will be contacted for student absences that lack phone verification. Failure to properly clear an absence will result in an absence being classified as unexcused.

COMPLIANCE WITH ATTENDANCE REQUIREMENTS All students who leave school for a doctor’s appointment must provide written documentation from their health care provider as evidence of attending the appointment for the absence to be considered an excused absence. (Such documentation must be received by the attendance office within 48 hours of the appointment.)

- All students who are absent for five or more consecutive days must provide written documentation from a health care provider for the absences to be considered excused absences.
- Any student who has been absent for 10% or more of the days of student attendance in a semester must provide written documentation from their health care provider stating the cause of the absence for each subsequent day of non-attendance for the absence to be considered an excused absence.
- Students who suffer from documented chronic or severe acute health issues may seek a waiver of attendance requirements stated in this section from the Building Principal.
- Students whose parent or legal guardian has been called to duty, is on leave, or immediately returned from deployment to a combat zone or combat support posting will be granted up to 5 days of excused absences. The Board of Education, in its discretion, may excuse a student for additional days relative to such leave or deployment. A student and the student’s parent/guardian are responsible for obtaining assignments from the student's teachers prior to any excused absences and for ensuring that such assignments are completed by the student prior to his or her return to school. The parent or legal guardian should submit written requests related to such absences related to deployment or leave for military service to the building principal.

Note: Home and Hospital Services may be available for a student who, due to a temporary physical or health impairment, must remain out of school for more than two consecutive weeks or for at least two consecutive days periodically throughout the school year totaling at least 10 days or more due to their medical condition as certified by a physician. Contact the building principal to begin the application process.
EXCUSED AND PREARRANGED ABSENCES

- Death in the student’s immediate family (e.g., parent, legal guardian, grandparent, or sibling)
- Illness of the student
- Doctor or dental appointments
- Family emergency
- Attending a military honors funeral to sound TAPS
- Circumstances beyond the control of the student
- Circumstances that cause reasonable concern to the parent/guardian for the student’s mental, emotional, or physical health or safety
- Observance of religious days
- Court appearance
- College visits for seniors and juniors on track for graduation
- Family trip, provided the following guidelines are followed:
  1. School is notified in advance of the absence
  2. All assigned work is made up at direction of individual teachers
  3. All assigned work is turned in per teacher’s instructions
- Special circumstances may be considered with administrative approval

Parents and students should consider carefully before deciding to participate in an activity that necessitates being absent from school. When students know in advance that they are going to be absent, they should apply for a prearranged absence. This absence must be from the excused list and should be applied for at least three school days in advance. A composed, written request from parent is required and must be approved by an administrator, signed by all the student's teachers, and returned to proper administrator or Attendance Office.

NOTE: Field trips are considered prearranged absences. These are school-sponsored activities but will be counted as absences unless the proper procedures, including parental permission and teacher sign-off slips, are completed and returned to the sponsor. Failure to follow the procedures will result in the absence being classified as unexcused.

UNEXCUSED ABSENCES

All absences not classified as excused will be considered unexcused or truant. Students with an unexcused absence are encouraged to make up classroom work missed, although full credit for such work will not be given. Partial credit for make-up work shall be given in the amount of 80% for a student’s first three unexcused absences in a school year that are not out-of-school suspensions. Subsequent unexcused absences will result in 50% credit for make-up work. Each teacher’s policy regarding make up work and course credit shall be distributed to the students at the beginning of the course, with a copy placed on file in the proper administrator’s office.

In order to receive partial credit, students shall receive the same number of days to make-up work as the number of days absent – not to exceed two (2) days.

A student will be excused for up to 5 days in cases where the student's parent/guardian is an active duty member of the uniformed services and has been called to duty for, is on leave from, or has immediately returned from deployment to a combat zone or combat-support postings. The Board of Education, in its discretion, may excuse a student for additional days relative to such leave or deployment. A student and the student's parent/guardian are responsible for obtaining assignments from the student's teachers prior to any excused absences and for ensuring that such assignments are completed by the student prior to his or her return to school.

The Illinois School Code defines chronic absenteeism as absences that total 10% or more of school days of the most recent academic school year, including absences with and without valid cause. The school will provide three (3) written notifications (to include school and community resources available) before legal action may be taken. Special circumstances such as hospitalization, chronic illness etc. will be considered in this process.
Absences that do not follow the circumstances to be valid causes for a student’s absence are considered unexcused absences. The school may require documentation explaining the reason for the student’s absence.

**Release Time for Religious Instruction/Observance**
A student will be released from school, as an excused absence, to observe a religious holiday or for religious instruction. The student’s parent/guardian must give written notice to the building principal at least 5 calendar days before the student’s anticipated absence(s).

Students with excused absences or excused for religious reasons will be given an opportunity to make up any examination, study, or work requirement within a reasonable time (usually one day for each day of absence).

**ABSENCE ON THE DAY OF AN ACTIVITY** Students who participate in extracurricular activities must attend a minimum of four periods on the day of an athletic activity, music performance, dramatic activity, or any other school-sponsored activity in order to attend or participate in that activity during the day or evening. Students who are absent from school for a doctor or dental appointment may attend or participate in an activity with a written doctor’s statement.

Examples of absences classified as unexcused are oversleeping, missing the bus, babysitting, personal business, train or airplane delays, car trouble, or not following excused absence procedure.

**NOTE:** Being tardy to class in excess of 5 minutes into the class period will be classified as an unexcused absence and will result in the work done for that period being counted for partial credit only.

**MAKE-UP AFTER ABSENCES**
- Students should report directly to class after absence.
- Students absent with approval of the school and parent shall be allowed the opportunity for full credit on make-up work.
- Students are responsible to see their teachers for work missed.
- Students shall have the same number of days as the absence to make up work. Additional days may be arranged for by parent and student through the teacher.
- Teachers may require students to make up work, concept, or grade:
  - Work missed during student absence;
  - Concept or main idea presented by teacher during the student’s absence (i.e., when a teacher presents a concept or an idea for the class on a given day but has no written assignment due, the teacher may require an absent student to compile the missed information through a brief paper, paragraph, etc.); and
  - Anything graded during a student’s absence.

Parents are responsible for contacting the Main Office receptionist at 656-7100, ext. 20100, for assignments when students are absent more than two (2) days.

**EARLY DISMISSAL:** Students who must leave school early must present a note from their parents/guardians stating date, time, and reason for the early departure. Parents/guardians may call the attendance office. This note must be presented to their grade level attendance secretary no later than the morning of the day they wish to be dismissed early. Students who leave school without permission from an attendance secretary or from the school nurse, regardless of the reason, will be considered truant.

**ADDITIONAL ATTENDANCE REQUIREMENTS** The following attendance requirements shall apply for students to earn certain privileges.

**Classroom Driver Education**
The Graduated Driver Licensing (GDL) Program in Illinois Requires a learner’s permit time for nine months, in addition:

- The oldest freshmen (15 years of age minimum) would take Driver Education during second, third or fourth quarter.
• Once students have completed the requirements for the classroom portion of Driver’s Education, they are eligible to pay and sign up for the Behind the Wheel portion of Driver’s Education. Students that have paid and signed up would be assigned to a certified instructor to complete their 12 hours (6 hours observing and 6 hours driving).
• Students would need to begin the nine-month permit holding time, and the logging of the minimum 50-hour driving time with their parent(s) or responsible adult.
• Upon successful completion of all requirements, students would be eligible for a driver’s license.

The remaining freshmen would enroll in classroom Driver Education during the first or second quarter of their sophomore year and follow the same process.

Any student attending Edwardsville High School must receive a passing grade in at least eight (8) courses during the previous two (2) semesters prior to enrollment in Driver’s Education class. All High School students who will have behind the wheel driving must pay $250.

A student may be allowed to enroll in Driver’s Education and begin classroom instruction prior to reaching age 15 if the student will be eligible to complete the entire course within 1 year after enrollment in the course.

Students’ eligibility to take classroom driver education in either their freshman or sophomore year (in birth date order) is dependent upon meeting the following two criteria:
1. Maintain ten or fewer absences, including both excused, unexcused, partial, and full day absences, during their 9th grade year
2. Receive passing grades in all graduation requirement courses during their 9th grade year.

Parking Privileges
1. Sophomores, juniors, and seniors who have been issued a parking pass must maintain regular school attendance to maintain their parking privileges as follows:
2. If the student is absent 11 or more days during the current school year, including excused, unexcused, partial and full day absences, the student’s parking pass will be revoked, and the student will be reissued a parking pass in the Sports Complex lot; and
3. If the student is absent 18 or more days during the current school year, including excused, unexcused, partial, or full day absences, the student’s parking pass will be revoked, and the student will have no parking privileges at Edwardsville High School.
4. Sophomores, juniors, and seniors who seek to obtain a parking pass from Edwardsville High School must have maintained ten or fewer absences, including excused, unexcused, partial and full day absences, during the previous school year.

TRUANCY DEFINITION A truant is defined in the state of Illinois as a child subject to compulsory school attendance and who is absent without valid cause from such attendance for a school day or portion thereof.

Truancy is an extremely serious situation that can be corrected only through a high degree of cooperation between home and school. Students are truant when absent from school/class without the consent of a parent, guardian, or school personnel. Among those absences classified as truant are
1. Leaving class without permission,
2. Skipping class, and
3. Leaving school without checking out through the Attendance Office, an administrator, or the Clinic.

Students who miss more than 1% but less than 5% of the prior 180 regular school days without valid cause (a recognized excuse) are truant. A student is counted as truant if there is an absence during any part of the school day without permission from a parent/guardian and the attendance office is not notified of an absence. Students considered truant are subject to school discipline.

TRUANCY PROCEDURES
1. First offense: Call home, partial credit for make-up work
2. Second, Third and Fourth offenses: conference with parent or guardian, partial credit for make-up work
3. Fifth and subsequent offenses: conference with parent or guardian, no credit for make-up work
4. Ninth offense: referral to the ROE Truancy Officer which could lead to a Truancy Review Board meeting or a court appearance

PARENTS ARE REQUIRED BY LAW TO ENSURE THAT THEIR CHILD ATTENDS SCHOOL. An attempt will be made to notify the parent each time a student is truant. A parent or guardian who knowingly and willfully permits a child to be truant is in violation of State law. A parent or guardian who knowingly and willfully permits a child to be truant may be convicted of a Class C misdemeanor, which carries a maximum penalty of thirty days in jail and/or a fine of up to $500.00.

Chronic truancy is defined as absence without valid cause for 5% or more of the previous 180 regular attendance days. By law, the names of chronic truants and the person who has custody of them must be provided to the Regional Superintendent of Schools. Chronic truants as defined by state statute will be referred to the School Resource Officer for follow-up investigation and possible referral to the State’s Attorney’s Office. District 7 offers a number of supportive and preventive services to truants. The following resources and supportive services are available to students with attendance problems and their parents or guardians: conferences with school personnel; problem solving by the building level team; referral to community agencies; and an alternative program for eligible high school students. The purpose of these programs is to provide an alternative learning situation to those students who are unable to function in the traditional school. Chronic truants are among those students who may experience greater success in an alternative setting. Interested parents should contact their child’s guidance counselor, social worker, or principal for more information about the alternative program.

A student who misses fifteen (15) consecutive days of school without valid cause and who cannot be located or, after exhausting all available support services, cannot be compelled to return to school is subject to expulsion for a period not to exceed two (2) years.

ARRIVAL AT SCHOOL LATE/LEAVING SCHOOL EARLY Students who enter the building after the school day begins should check in at the Attendance Office. Those students who leave school early for any reason must sign out in the Attendance Office. For a dental or medical appointment, a notice of the appointment – or a note from the parent or the doctor – must be presented to the Attendance Office upon returning to school. Any other reason for leaving school early should be cleared directly with an assistant principal before signing out.

Failure to gain proper authorization or to follow appropriate prearranged or excused absence policies shall result in the absence being classified as unexcused or truant.

PARTIAL DAY ABSENCES For purposes of this Edwardsville High School attendance procedure, a partial day absence is defined to include any school day a student misses one or more complete class period(s).

TARDIES AND CONSEQUENCES (PER SEMESTER) Students shall be considered tardy when they arrive without authorization at the classroom after the bell rings. Students who arrive at class in excess of five (5) minutes late will receive partial credit for their work that class period. When a student accumulates a first and second tardy, a warning will be issued to the student. For additional tardies, discipline will be administered on a case-by-case basis.

COLLEGE VISITS Senior students on track for graduation may use two school days to visit a college or university. Each college visitation must be prearranged at least one day in advance. Junior students may use one school day to visit a college or university. Procedure for prearranging a college visit:

- The student must submit a written request from a parent or guardian to administration.
- After approved, the request must be signed by each teacher and returned to the Attendance Office.

Failure to follow this procedure will result in the absence being classified as unexcused
DISTRICT 7 PHILOSOPHY OF DISCIPLINE

If you do not have access to the internet or are otherwise unable to download a copy of the handbook, you may request a paper copy at registration. Maintaining a safe environment for students is everyone’s responsibility, and your support in this area is essential.

STUDENTS’ RIGHTS AND RESPONSIBILITIES

Education cannot proceed effectively without appropriate behavioral and disciplinary interventions. Appropriate behavior and discipline are best thought of as positive, not negative—helping a student to adjust, rather than be punished.

The dignity of individuals should be protected, with proper consideration displayed for their personal feelings, which may be associated with race, color, creed, cultural heritage, and intellectual and physical characteristics. Educators as well as students should be respectful to each individual in his/her daily life and develop a sincere appreciation for the different ethnic, economic, religious, and social backgrounds of groups.

In District 7 we believe our students have certain rights that must be protected. We also believe that they have definite responsibilities, which must be fulfilled in order to ensure that all students succeed in school. These rights and responsibilities are as follows:

<table>

9. Each student has the responsibility to respect the authority of teachers and staff of the school district.

10. Each student has the responsibility to uphold grades while participating in extracurricular activities and to conduct him/herself in a respectable manner during and in connection with those activities.

THE ROLES OF PARENTS AND SCHOOL STAFF MEMBERS IN EFFECTIVE DISCIPLINE

Both the school staff and the parents share the responsibility of providing a positive role model for the children.

It is the task of the administration to implement the District’s philosophy through the careful enforcement of the regulations contained herein. For this reason all administrators involved in discipline meet at least once a year to discuss the fair and consistent application of the contents of this handbook.

If a question arises regarding a particular policy, administrators consult with each other and other expert sources to ensure that any disciplinary measures taken are prudent and reasonable.

The administrator's role in discipline may also include working with the student and his/her family and teacher to prevent further problems. The best discipline is preventive in nature. For this reason, the District has developed a comprehensive set of behavioral and disciplinary interventions designed to promote safe, responsible, and respectful pro-social behavior for all students. As part of these interventions, the administrator may also choose to involve the school counselor or social worker in order to provide a therapeutic approach to discipline.

Parents have the responsibility to cooperate with the District in its efforts to maintain a safe and orderly atmosphere in the schools. Parents are urged to familiarize themselves with the school staff and policies and to maintain regular communication with the schools. Regular communication between school and home is one of the keys to effective discipline.

DEFINITIONS OF VARIOUS INFRINGEMENTS AND POSSIBLE CONSEQUENCES

Students are expected to conduct themselves in a manner that reflects respect for each other, for their teachers, staff members, and school facilities. Students may be disciplined for misconduct that occurs on
Students may be disciplined for gross disobedience or misconduct, including but not limited to all prohibited conduct as described in this handbook. OTHER VIOLATIONS

1. Students may be disciplined for gross disobedience or misconduct, including but not limited to all prohibited conduct as described in this handbook. The administration reserves the right to determine appropriate disciplinary actions for offenses which are not contained in the handbook.

2. Students must follow school rules and policies at all school events which take place during, before, and after school hours or which have a reasonable relationship to school. The student will be held accountable for negative behavior in violation of the discipline code in these instances on or off campus.

This includes on school buses, at bus stops, while students are traveling to or from school, at school sponsored events, activities connected with the school program; any event having a nexus with the school; and at any other time such action is necessary for the safety and supervision of students. The grounds for disciplinary action also apply whenever the student’s conduct is reasonably related to school or school activities, including but not limited to: 1) on, or within sight of, school grounds before, during, or after school hours or at any time; 2) off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school; 3) Traveling to or from school or a school activity, function, or event; or 4) anywhere, if the conduct interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property. The District and/or school reserve the right to establish additional standards for acceptable behavior as needed.

3. Students, parents, and visitors to school district properties are advised that threats of violence toward District students, teachers, administrators, and employees or threats of destruction of school property will not be tolerated. This prohibition expressly includes any threats communicated via electronic means, such as e-mails, instant messages, websites, electronic postings, personal web pages, or profiles and the like. The District reserves the right to exercise its discretion to address immediately any such threats by any persons to the full extent of the civil and criminal laws, as well as under the District’s rules and regulations. Any such threats, to include statements or claims regarding the impending use of weapons, firearms, bombs, or other destructive devices on school properties, even if made in an allegedly joking manner, will be taken seriously. Threats of violence will be considered as threats to the safety of students, staff or the school, disruption to the learning environment and/or the operations of the school and will result in consequences. Student violators of this policy may be subject to expulsion and criminal prosecution.

BEHAVIORAL AND DISCIPLINARY INTERVENTIONS

To provide all necessary assurances to faculty, staff, students, and parents that District 7 has, in fact, taken reasonable precaution to ensure their safety, the administration may, when deemed necessary, require a statement from a mental health provider that the student does not pose a danger to himself/herself or others. If such a statement is not provided as requested, then District 7 will assume that a child is a danger to him/herself or others and proceed with necessary action to seek his/her removal from school.

No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student’s parent/guardian to administer or consent to the administration of psychotropic or psychostimulant medication to the student.

BEHAVIORAL AND DISCIPLINARY INTERVENTION AND CONSEQUENCES

Behavioral and disciplinary interventions and consequences will be determined based upon a variety of factors including but not limited to, the severity of the incident, the student’s past disciplinary record, harm (physical or emotional) to others or property, prior behavioral and disciplinary interventions attempted, evidence of planning or pre-meditation, the safety of other students, staff or members of the school community, the disruption or interference with other student’s learning opportunities or the operations of the
school and other factors deemed relevant by the school administration.

School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out voluntarily due to behavioral or academic difficulties. The Board of Education’s behavioral and disciplinary interventions may include, but are not limited to, the following behavioral and disciplinary interventions:

1. Notifying parent(s)/guardian(s)
2. Conferences with the Student
3. Conference with the Parent/Guardian and/or Student
4. Counseling
5. Removal from the Classroom
6. Detention (Including Lunch Detention, Before School Detention and After School Detention)
7. Denial of Privileges, including Participation in Extracurricular Events and Activities
8. Return of Property or Restitution
9. Restorative Justice Measures/Conflict Resolution Activities
10. Behavior Contracts
11. After-school study or Saturday study
12. Community service
13. Seizure of contraband; confiscation and temporary retention of personal property
14. Suspension of bus riding privileges
15. In School Suspension
16. Out of School Suspension
17. Safety Exclusion
18. Referral to Law Enforcement
19. Transfer to An Alternative School
20. Expulsion
21. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension or expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion.

Out-of-school suspensions and expulsions are only used for legitimate educational purposes. The district will make all reasonable efforts to resolve disruptions and minimize the length of exclusion to the greatest extent possible before disciplining a student with a suspension or expulsion. The District does not use zero-tolerance discipline except as required by federal law or the Illinois School Code. In accordance with constitutional due process and statutory requirements, the Board of Education may suspend or expel students in cases of gross disobedience or misconduct that occurs on or off campus. This includes on school buses, at bus stops, while students are traveling to or from school, at school sponsored events, activities connected with the school
program; any event having a nexus with the school; and at any other time such action is necessary for the safety and supervision of students. The grounds for disciplinary action also apply whenever the student’s conduct is reasonably related to school or school activities, including but not limited to: 1) on, or within sight of, school grounds before, during, or after school hours or at any time; 2) off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school; 3) Traveling to or from school or a school activity, function, or event; or 4) anywhere, if the conduct interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

The Superintendent, Principal and Assistant Principals may suspend students from school or the school bus for up to ten (10) school days. Suspensions or expulsions of students shall occur in compliance with procedural regulations to be promulgated and implemented by the administrators of the district. Disciplinary measures other than suspension or expulsion shall be determined by the administration and established in general regulations governing student discipline. Suspensions and expulsions shall be done in accordance with guidelines outlined in the School Code of Illinois, Article 10-22.6.

**Isolated Time Out/Physical Restraint**

School officials have the right to use isolated time-outs and physical restraints as defined in the school code. Isolated time-outs and physical restraints are to be used only to maintain a safe and orderly environment for learning and preserve the safety of students and others, not as a form of punishment or a means of disciplining a student. A parent can request a copy of the district’s policy by contacting the Superintendent.

**Corporal Punishment**

Corporal punishment is banned. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property. Reasonable force or physical guidance may be used to restrain students in limited circumstances that include: a) for their safety, b) if they are a threat to others, c) to prevent damage to school property, or d) if a student behavior interferes with a classroom or other scheduled program.

**Procedures for In School and Out-of-School Suspension**

**In-School Suspension**

The Superintendent or designee is authorized to maintain an in-school suspension program. The program shall include, at a minimum, each of the following:

1. Before assigning a student to in-school suspension, the charges will be explained and the student will be given an opportunity to respond to the charges.
2. Students are supervised by school personnel.
3. Students are given the opportunity to complete classroom work during the in-school suspension for equivalent academic credit.

If a student becomes ill or is taken out of school for any reason and fails to complete a full day of in-school suspension, that day will not count and the student will have to repeat a day in in-school suspension. When in in-school suspension, the students must comply with the rules of the program. Any failure to comply will result in one day of suspension from school. If a student has an unexcused absence in conjunction with serving an in-school suspension, then make-up work will not be permitted.

**Out-of-School Suspension**

The Superintendent, principals, assistant principals, deans and interim administrators are authorized to suspend any pupil guilty of gross disobedience or misconduct for a period not to exceed ten (10) school days. A student may be suspended out of school for three days or less if the student’s continuing presence in school would pose a threat to school safety or a disruption to other students’ learning opportunities. A student may be suspended out of school for four or more days if the student’s continuing presence in school would pose a
threat to the safety of other students, staff or members of the school community or substantially disrupt, impede or interfere with the operation of the school and the administration has determined that other appropriate and available behavioral and disciplinary interventions have been exhausted and that no other appropriate and available interventions existed for the student.

For a suspension of 5 or more school days, the administration shall determine what, if any, appropriate and available support services will be provided to the student during the length of his or her suspension.

A student suspended out of school shall be given an opportunity to make up work missed, including homework and tests, during the period of suspension for equivalent academic credit.

A student’s out of school suspension assignment is determined on a case-by-case basis and is at the discretion of school administrators and Board of Education. The level of consequences imposed will be consistent with the Illinois School Code. Students assigned to an out of school suspension will not be allowed on school district property at any time during their out of school suspension. Out of School Suspensions are assigned only for days when school is in session. In the event that school is cancelled for any reason during the period of an out of school suspension, the student will serve the remaining day(s) of the out of school suspension period on the next day(s) that school resumes. Students who are suspended Out-of-School for longer than 4 school days may be provided appropriate and available support services during the period of their suspension as determined by school officials.

A written notice of the suspension shall be sent to the parent(s)/guardian(s) and the student, which shall:

a. Detail the specific act of gross disobedience or misconduct resulting in the decision to suspend and the specific duration of the suspension, including actual dates of suspension;

b. For a suspension of 5 or more school days, a statement of what, if any, appropriate and available support services will be provided to the student during the length of his or her suspension;

c. Include information about an opportunity to make up work missed during the suspension for equivalent academic credit; and

d. Provide notice to the parent(s)/guardian(s) of their child’s right to a review of the suspension.

Notice to parents shall be sent by certified mail. A copy of the notice shall be given to the Board of Education.

Prior to suspension, a conference shall be held with the student to explain the charges. However, a pre-suspension conference is not required when the student’s presence poses a continuing danger to persons or property or an ongoing threat of disruption to the educational process. In such cases, the notice and conference shall follow as soon as practicable. The student’s parents should be notified via an attempted phone call.

Upon request of the parents or guardian, the Board or a hearing officer appointed by the Board shall review such action of the Superintendent or principal. At such review, the parents or guardian of the pupil may appear and discuss the suspension with the Board or its hearing officer. If a hearing officer is appointed by the Board, he/she shall report to the Board a written summary of the evidence heard at the meeting. After its hearing or upon receipt of the written report of its hearing officer, the Board may take such action as it finds appropriate.

**Procedures for Expulsion**

Expellable acts include, but are not limited to, serious misbehavior and/or illegal acts that threaten to impair the educational efficiency of the school and/or that most seriously disrupt the orderly educational process in the classroom and/or school. Expulsion may occur if misbehavior occurs on school property or at any school-sponsored or school-related activity on or off of school property that may cause a serious threat to the safety of the school community. Expulsion means removal of a student from school for more than ten consecutive school days and possible placement in an alternative setting for one (1) to two (2) school years. Placement in an alternative setting may not be offered under certain circumstances in accordance with the Illinois School Code. The terms of expulsion also mean that a student who has received out-of-school suspension, is being considered for expulsion, and/or has been expelled is prohibited from being on school/district grounds, at school-sponsored activities, or present at any function affiliated with the school.
district for the time span of the suspension/expulsion.

a. Before a student may be expelled, the student and his or her parent(s)/guardian(s) shall be provided a written request to appear at a hearing to determine whether the student should be expelled. The request shall be sent by registered or certified mail, return receipt requested. The request shall:
   - Include the time, date, and place for the hearing
   - Briefly describe what will happen during the hearing
   - Detail the specific act of gross disobedience or misconduct resulting in the decision to recommend expulsion
   - List the student’s prior suspension(s), if applicable
   - State that the School Code allows the School Board to expel a student for a definite period of time not to exceed 2 calendar years, as determined on a case-by-case basis.
   - Ask that the student or parent(s)/guardian(s) or attorney inform the Superintendent or Board Attorney if the student will be represented by an attorney and, if so, the attorney’s name and contact information.

b. The hearing shall be conducted by the Board or a hearing officer appointed by it. If a hearing officer is appointed, he or she shall report to the Board the evidence presented at the hearing and the Board shall take such final action as it finds appropriate. Whenever there is evidence that mental illness may be the cause for the recommended expulsion, the Superintendent or the designee shall invite a representative from the Dept. of Human Services to consult with the Board.

c. During the expulsion hearing, the Board or hearing officer shall hear evidence concerning whether the student committed the act of gross disobedience or misconduct as charged. The student and his or her parent(s)/guardian(s) may be represented by counsel, offer evidence, present witnesses, cross-examine witnesses who testified, and otherwise present reasons why the student should not be expelled.

d. After presentation of the evidence or receipt of the hearing officer’s report, the Board shall decide the issue if the student committed the act of gross disobedience or misconduct and take such action as it finds appropriate. If the Board acts to expel the student, its written expulsion decision shall:
   - Detail the specific reason why removing the student from his or her learning environment is in the best interest of the school.
   - Provide a rationale for the specific duration of the recommended expulsion.
   - Document that school officials determined that all appropriate and available behavioral and disciplinary interventions have been exhausted or whether school officials determined that no other appropriate and available interventions existed for the student.
   - Document that the student's continuing presence in school would (1) pose a threat to the safety of other students, staff, or members of the school community, or (2) substantially disrupt, impede, or interfere with the operation of the school.

The Board of Education has the sole authority in the expulsion of students.

Re-engagement of Returning Students

The building principal or designee shall meet with a student returning to school from an out-of-school suspension, expulsion or alternative school setting. The goal of this meeting shall be to support the student’s ability to be successful in school following a period of exclusion and shall include an opportunity for students who have been suspended to complete or make-up missed work for equivalent academic credit.

Support Services

A student who has been suspended out-of-school for more than 4 days may be provided with support services during the time of the out-of-school suspension as deemed appropriate by school officials.

Make-up Work Following Suspensions

School assignments missed during a disciplinary suspension from school require completion. Students will be permitted to make up all any missed work, including homework and tests, for equivalent academic credit.
Students will be granted one day of additional make-up time for each day of absence. The school principal may extend the period of makeup work for special circumstances.

INTERVIEWING OF STUDENTS BY POLICE

1. It should be recognized by all that the police have the authority to remove a student from the school.
2. Before a student, who is under 18 years of age and is suspected of committing a criminal act, is questioned by Law Enforcement, School Resource Officer, or other school security personnel, the Superintendent, Principal or designee must confirm with Law Enforcement that notification or attempted notifications of the student’s parent or guardian were made and note the time for administrative purposes.
3. The Superintendent, Principal or designee shall ensure a school social worker, a school psychologist, a school nurse, a school guidance counselor, or mental health professional are present during the questioning if the students parent/guardian are not present for the interview.
4. This does not apply to circumstances that would cause a reasonable person to believe that urgent and immediate action is necessary to do any of the following:
   • Prevent bodily harm or injury to the student or any other person
   • Apprehend an armed or fleeing suspect.
   • Prevent the destruction of evidence.
   • Address an emergency or other dangerous situation.
5. If a student initiates a request to talk to the police, including an accident or incident report, such request will be considered and handled in confidence.

The Superintendent shall develop procedures to manage requests by agency officials or police officers to interview students at school. Procedures will:

1. Recognize individual student rights and privacy,
2. Recognize the potential impact an interview may have on an individual student,
3. Minimize potential disruption,
4. Foster a cooperative relationship with public agencies and law enforcement, and
5. Comply with State law including, but not limited to, ensuring that before a law enforcement officer, school resource officer, or other school security person detains and questions on school grounds a student under 18 years of age who is suspected of committing a criminal act, the Superintendent or designee will:
   a. Notify or attempt to notify the student’s parent/guardian and document the time and manner in writing;
   b. Make reasonable efforts to ensure the student’s parent/guardian is present during questioning, or, if they are not present, ensure that school employees (including, but not limited to, a school social worker, psychologist, nurse, guidance counselor, or any other mental health professional) are present during the questioning; and
   c. If practicable, make reasonable efforts to ensure a trained law enforcement officer to promote safe interactions and communications with the student is present during questioning.

SUBSTANCE ABUSE

Substance abuse is a serious act of misconduct which jeopardizes the health and safety of students and will not be tolerated by District 7. The Board finds that substance abuse, as described in this policy poses a threat to the safety of other students, staff or members of the school community and/or is likely to disrupt other students’ learning opportunities and/or substantially disrupt, impede or interfere with the operation of the school or would lead school authorities to forecast a threat to the safety of other students, staff or members of the school community or a substantial disruption, or interference with the operation of the school. Students violating the District’s substance abuse policy will be subject to behavioral and disciplinary interventions as well as assistance by the District to seek out treatment related to alcohol or drug abuse. The District has a strong tradition of cooperation with local law enforcement agencies, so local law enforcement may be contacted if students are found to be in violation of the Edwardsville School District Substance Abuse Policy.
Possession, Use, Purchase or Act of Being Under the Influence of Prohibited Substances

The possession, use, purchase, or act of being under the influence of any alcoholic beverage, controlled substance, cannabis (including marijuana, hashish, cannabidiol (CBD) and medical cannabis unless the student is authorized to be administered a medical cannabis infuse product under Ashley’s Law), look-alike drug (a substance that, because of its physical characteristics, would lead someone to believe the substance is a controlled substance, or it is represented to be a controlled substance or illicit drug), drug paraphernalia, or illicit drugs poses a threat to the safety of other students, staff or members of the school community and/or is likely to disrupt other students’ learning opportunities and/or substantially disrupt, impede or interfere with the operation of the school or would lead school authorities to forecast a threat to the safety of other students, staff or members of the school community or a substantial disruption, or interference with the operation of the school and is prohibited in school buildings, on school buses, and on all other school property at all times, or at school-related events or functions. Student possession and/or use of prescription drugs or over-the-counter medication is generally prohibited and shall take place only pursuant to the District’s medication policy provided in this handbook. Selling or purchasing prescription drugs or over-the-counter medication is prohibited in school buildings, on school buses, and all other school property at all times. This policy extends to all trips and extracurricular and co-curricular events, whether held before or after school, evenings, or weekends or on or off campus. This policy also extends to off-campus substance abuse violations. A student may be disciplined, up to and including possible expulsion, for off-campus misconduct that is reasonably related to school or school activities.

Students violating this policy will be disciplined on a case-by-case basis.

In the event a student is administered an out of school suspension or recommended for expulsion for a violation of this policy, in lieu of serving all days of an assigned out of school suspension and/or a recommendation for expulsion, the student and parent/guardian may be offered an assessment/treatment alternative. This option shall be available only one time during a student’s middle school career and one time during a student’s high school career and is available only at the administration’s discretion. Parents will meet with the school principal, who will explain this alternative. If the parents accept the assessment/treatment alternative, they will sign a release of information form for Chestnut Health Systems or, if they wish, parents may choose another provider and make the arrangements themselves. If another provider is selected, the provider must first be approved by the building principal. After the release of information is signed, the principal will contact the service provider’s counselor with the student’s name and date by which the appointment must be made. Parents must make contact within five days of the date of the student’s misconduct and set up an appointment with the selected service provider. Parents are strongly encouraged to participate in the parent educational portion of the treatment program. Upon confirmation of the appointment, if a recommendation for expulsion has been made, it will be conditionally withdrawn.

After the appointment is made, the service provider will contact the principal to notify the principal of the initial assessment date. After the student’s assessment is complete, the service provider will verify that the student was assessed and inform the principal of the expected length of treatment. If the treatment is long-term, the service provider will contact the principal minimally every two months to provide an update on the student’s progress. Should the student terminate treatment prematurely or miss more than two appointments, the principal will be notified. A recommendation for expulsion or additional days of out of school suspension may be renewed should the student not complete the recommended treatment. When treatment is completed, the service provider will send the principal a final report verifying that treatment has been completed and any other appropriate information. Failure to complete the prescribed program will result in the institution of the original consequence.

Two violations of this substance abuse policy during a student’s high school career or middle school career may result in additional disciplinary consequences, which may include a recommendation for expulsion with no opportunity for the assessment/treatment alternative consequence. Discipline will be imposed on a case-by-case basis.

Sale or Distribution of Prohibited Substances

The sale or distribution of any alcoholic beverage, controlled substance, lookalike drug, drug paraphernalia,
illicit drugs, prescription drugs, or over-the-counter medication in school buildings, on school buses, or on school property poses a threat to the safety of other students, staff or members of the school community and/or will substantially disrupt, impede or interfere with the operation of the school and may result in a significant disciplinary consequence, which may include recommendation for expulsion with no opportunity for alternative discipline. Discipline will be imposed on a case-by-case basis.

**Alcohol and/or Drug Testing**

When school staff suspects that a student may be under the influence of alcohol and/or drugs, the student will be escorted to the school nurse where a school administrator and school nurse will assess the student to determine whether there are reasonable grounds for suspecting the student is under the influence of alcohol and/or drugs. If a school nurse is not available or not on duty, the school administrator will make this assessment. If reasonable grounds exist to suspect the student may be under the influence of alcohol or drugs, the student will be asked to submit to an oral fluids test and/or breath scan test.

If it is determined that the student shall submit to an oral fluids test and/or breath scan test, the student will be provided a copy of this policy and the test(s) will be administered by the school nurse or other trained staff member in a private location outside the view of others. Students who refuse to submit to an oral fluids test and/or breath scan test will be deemed insubordinate and in violation of the District’s student conduct rules. Refusal to submit to such tests may also be deemed an admission by the student that the student is guilty of violating this policy.

If the test(s) is positive, the student’s parents/guardians will be promptly contacted regarding the test(s) results and to provide medical services as necessary and appropriate.

Parents/guardians wishing to contest the results of a drug test may independently, and at their own expense, have their student re-tested at the Treatment Alternatives for Safe Communities (TASC) office located in Edwardsville; provided, however, that the student report to the TASC office and the retest be conducted within thirty minutes of the student leaving the school building. The Superintendent will develop administrative procedures to implement this provision.

Drug/alcohol test results shall be preserved in accordance with administrative procedures, which shall be developed by the Superintendent.

**WEAPONS PROHIBITION**

A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of not less than one year but not more than 2 calendar years:

The student’s parents will be notified.

NO SMOKING POLICY The possession, use, distribution, purchase, or sale of tobacco, cannabis (including marijuana, hashish and cannabidiol (CBD)), or nicotine materials, including without limitation, any device that simulates tobacco or nicotine use (e.g., an electronic cigarette, vaporizer, or any other electronic nicotine delivery system or any device capable of delivering nicotine) IS STRICTLY PROHIBITED in school buildings, on school property, and in school vehicles at any time, by any person, for any reason, unless such possession or use of medical cannabis is authorized under Ashley’s Law and board policy. SAFETY PLANS
The District has developed a Suicide Risk Assessment Procedures & Intervention Policy to address and prevent depression, self-harm or suicide. A copy of these procedures is available upon request at the District office.

THREAT OF VIOLENCE
Purpose
Edwardsville School District is committed to providing and maintaining a healthy and safe environment for its students and staff. The purpose of the Edwardsville School District Safety Plan is to help ensure the care, welfare, safety, and security of students and staff members. This plan is a guide and is only used when a student has made a threat or engaged in activity that is physically harmful to the student or another person. The plan is intended to classify the level of a threat and give guidance for responding to the threat.

Threat Defined
A threat is an expression of intent to do harm or act violently against someone or something. The threat can be spoken, written, or gestured. Threats may be direct or indirect, and need not be communicated to the intended victim(s). If a student engages in activity that is physically harmful to the student or another person, it may be considered as threatening to the safety or students, staff, or the school or disruptive to the learning environment and/or operations of the school.

Threat Assessment Team
Psychologist/Social Worker/and or Counselor – interviews the student, conducts the risk assessment, and helps to evaluate the threat; Assistant Principal – interviews the student, evaluates the threat, assigns appropriate discipline, and notifies the parent; School Resource Officer – interviews the student, helps to evaluate the threat, determines if further legal action is needed, and receives all information pertaining to the incident.

Procedure
1) The School Administrator is informed of the threat; 2) The local law enforcement agency is notified; 3) The threat assessment team conducts an investigation/interview; 4) The school social worker or counselor conducts a threat assessment; 5) The threat assessment team determines the risk level of the threat; 6) Discipline is assigned by the Administrator; 7) The student is monitored; 8) A referral may be made to social worker/school counselor for anger management, coping skills, or conflict resolution; 9) The parents of all students involved are contacted; 10) Resources may be provided to student and parents; 11) Student released to parent/parent.
designee; 12) The parents, student, and threat assessment team may develop an Emergency Plan. Due to the safety of all involved, failure to follow through with the agreed upon follow up plan may result in the school contacting the Department of Children and Family Services Child Abuse Hotline; 13) There is communication with teachers/school counselors to make aware of conflict; 14) A request is sent to school counselor to separate students in class (if appropriate).

In a situation in which a student expresses suicidal thoughts and/or expressing thoughts of threats to others, the District may require that the student obtain a letter from a medical or mental health provider indicating that the student can function in the school setting and is no longer a threat to themselves or others. If it is determined that the student requires an evaluation from a mental health professional, a written statement from that professional stating the student is safe to return to the educational environment and is no longer a threat to themselves or others must be provided to the school administration within ten (10) school days for the student to be allowed to return to school. If the statement is not received within ten (10) school days, the school will contact the parent/guardian to discuss other options. The school will ensure that any student absent from school for up to ten school days while receiving an evaluation from a mental health professional has a full opportunity to make up any missed work and/or missed credit during the time they are out of the classroom.

**Discipline**

When considering the appropriate discipline for a student who has made a threat of violence, the student’s prior disciplinary records, as well as the nature of the threat are taken into account. All discipline is administered on a case-by-case basis.

**SEARCH AND SEIZURE**

**Of School Property**

School authorities, including school liaison police officers, may inspect and search school property and equipment owned or controlled by the school (such as lockers, desks, and parking lots), as well as personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there.

In addition, Building Principals shall require each high school student, in return for the privilege of parking on school property, to consent in writing to school searches of his or her vehicle, and personal effects therein, without notice and without suspicion of wrongdoing. Students have no reasonable expectation of privacy in cars parked on school grounds. School lots are regularly searched by contraband dogs, administration, and police officers. Students should be aware that items and spaces on school grounds are subject to search and view by others, and that prohibited items discovered during the course of a search may result in discipline, including, but not limited to, expulsion from school.

The Superintendent may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

School authorities may inspect and search places and areas such as lockers, desks, parking lots, and other school property and equipment owned and controlled by the school, as well as personal effects left in those places and areas by students without notice or consent of the student, and without a search warrant. As a matter of public policy, students have no reasonable expectation of privacy in these areas or in the personal effects left in these areas.

**Of Students and Their Personal Effects**

School authorities may also search a student and/or the student’s personal effects in the student’s possession (such as purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the District’s student conduct rules. The search itself must be conducted in a manner that is reasonably related to its objective and not excessively intrusive in light of the student’s age and sex and the nature of the infraction.
When feasible, the search will be conducted as follows:
1. Outside the view of others, including students;
2. In the presence of a school administrator or adult witness; and
3. By a certificated employee or liaison police officer of the same sex as the student.

Immediately following a search, a written report shall be made by the school authority who conducted the search and given to the Superintendent.

Seizure of Property

If a search produces evidence that the student has violated or is violating the law or the District’s policies or rules, such evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, such evidence may be transferred to law enforcement authorities.

PROHIBITION OF BULLYING, INTIMIDATION, AND HARASSMENT

Bullying, intimidation, and harassment diminish a student’s ability to learn and a school’s ability to educate.

Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important District goals.

Bullying, harassment, or intimidation on the basis of actual or perceived race, color, national origin, immigration status, military status, unfavorable discharge status from the military service, sex, sexual orientation, gender identity, gender-related identity or expression, ancestry, age, religion, physical or mental disability, order of protection status, status of being homeless, or actual or potential marital or parental status, including pregnancy, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic is prohibited in each of the following situations:

1. During any school-sponsored education program or activity.
2. While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities.
3. Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.
4. Through the transmission of information from a computer that is accessed at a nonschool-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by the School District or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school. This paragraph (item #4) applies only when a school administrator or teacher receives a report that bullying through this means has occurred; it does not require staff members to monitor any nonschool-related activity, function, or program.

Bullying includes cyber-bullying and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student in reasonable fear of harm to the student’s person or property.
2. Causing a substantially detrimental effect on the student’s physical or mental health.
3. Substantially interfering with the student’s academic performance.
4. Substantially interfering with the student or students’ ability to participate in or benefit from the services, activities, or privileges provided by a school.

Cyber-bullying means bullying through the use of technology or any electronic communication, including without limitation, any transfer of signs, signals, writing, images, sounds, data or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic system, photo-electronic system, or optical system, including without limitation electronic mail, internet communications, instant messages, or facsimile communications. Cyber-bullying includes the creation of a webpage or weblog in which the creator assumes the identity of another person or the knowing impersonation of another person as the author of posted content or messages if the creation or impersonation creates any of the effects enumerated in the definition of bullying. Cyberbullying also includes the distribution by electronic means of a communication to more than one person or posting of material on an electronic medium that may be accessed by one or more persons if the distribution or posting creates any of the effects enumerated in the definition of bullying.

A reprisal or retaliation against any person who reports an act of bullying is prohibited. A student’s act of
reprisal or retaliation will be treated as bullying for purposes of determining any consequences or other appropriate remedial actions.

Complaints of bullying, intimidation or harassment may be made in accordance with the District Harassment Procedure.

**HARASSMENT COMPLAINT PROCEDURE**

The administrative officers (principal and assistant principals, if available) are generally responsible for addressing complaints of harassment at each school in the District. This includes dealing with complaints that students bring to their attention, as well as identifying harassing situations on their own.

Complaints against students, employees, or third parties shall be immediately brought, in the first instance, to one of the assistant principals, if available (if none available, then to the principal). If the student does not feel comfortable, for any reason, reporting the harassment to any one of the assistant principals, or if there is no assistant principal available, then he or she should use the alternative procedure of reporting the harassment to the principal. If there is not an available assistant principal and the student does not feel comfortable, for any reason, reporting the harassment to the principal, then he or she should use the alternative procedure of reporting the harassment to the superintendent of the District. Students may make a report of bullying or harassment to any staff member with whom the student is comfortable speaking. The selected administrative official will promptly investigate the matter and, if the allegation is sustained, the responsible party will be disciplined in a manner appropriate for ensuring that the harassing conduct ceases. In situations covered under the Abused and Neglected Child Reporting Act (325 ILCS 5/1 et seq), District 7 will comply with all reporting procedures, including mandated contact with the Department of Children & Family Services.

Anyone, including staff members and parents/guardians, who has information about actual or threatened bullying is encouraged to report it to the district complaint manager or any staff member. Anonymous reports are also accepted by phone call or in writing.

The District shall keep the student who filed the complaint informed of the status of the investigation. Additionally, notice of the outcome of the complaint shall be provided to the parties involved.

If the investigating administrative officer determines, after investigating a complaint of harassment or unlawful discrimination, that a student has provided false information regarding the complaint, then disciplinary action may be taken against the student who filed the false complaint or gave the false information. **2020-2021 CODES OF CONDUCT FOR ATHLETICS & EXTRACURRICULAR ACTIVITIES**

Refer to the EHS Athletic Webpage http://www.ecusd7.org/ehs/athletics/
ELIGIBILITY REQUIREMENTS FOR PARTICIPATION IN ATHLETICS AND EXTRACURRICULAR ACTIVITIES  District 7 has a policy that connects participation in school-sponsored or supported athletic and/or extracurricular activities to academic and behavioral expectations. Participating students are monitored by teaching and administrative staff on a weekly and semester basis. ALL STUDENTS WHO PARTICIPATE IN ATHLETICS AND EXTRACURRICULAR ACTIVITIES ARE AUTOMATICALLY SUBJECT TO THIS CODE OF CONDUCT. The Code of Conduct shall be enforceable year round, regardless of whether school is in session or the student is currently participating in extracurricular activities (i.e., it is off season). Students may be asked to sign a pledge to reaffirm the commitment to the standards of the Code of Conduct, but receipt of a signed pledge is not required to enforce this Code of Conduct.

ENFORCEMENT OF ACADEMIC EXPECTATIONS  District 7's Board of Education, community, and staff support the belief that academics must be first priority. All participants of school-sponsored athletics and/or extracurricular activities must adhere to these guidelines.

Weekly Reports - Classroom teachers monitor students’ athletic and/or extracurricular eligibility on a weekly basis and provide information to the administrative staff. A student must satisfy the Illinois High School Association’s scholastic standing requirements by passing the equivalent of five (5) full credit classes (25 credit hours of work) on a weekly basis. A student will be suspended from participating in any contest while this requirement is not being met.

Semester Reports - Students who participate in athletics and/or extracurricular activities must satisfy the Illinois High School Association’s scholastic requirements by passing five (5) classes for the semester in order to remain eligible for the next semester. A student will be suspended from any participation in athletics or extracurricular activities until the semester following a semester in which five (5) classes are passed.

ENFORCEMENT OF CODE OF CONDUCT FOR BEHAVIOR EXPECTATIONS  This Code of Conduct will be enforced on a year-round basis — student behavior expectations may be enforced 24 hours per day/ seven days per week. Disciplinary consequences for violations when a student is “out of season” or during the summer normally will be levied in the student’s next period of competition or performance. If a violation of this policy occurs during times when school is not in session (i.e., summer break), students may be disciplined the following school year. Further, discipline imposed at the end of the school year may be enforced the following school year. This includes any middle school to high school transition.

District 7 offers a wide variety of athletics and extracurricular activities for the students of the middle schools and high school. Extracurricular refers to any activity scheduled outside the regular school day. Such activities include but are not limited to clubs, choir, band, academic groups, or any other school-sponsored activity. Participation in these activities is a privilege that carries with it responsibilities to the school, to the activity, to the student body, to the community, and to the students themselves. This participation also carries with it certain expectations beyond those found in the normal classroom.

Attention is constantly focused on the student in activities, and he/she will be expected to set a good example for the entire community. Participants must avoid situations that bring disrespect to themselves, their teammates, their sponsors or coaches, and their parents.

District 7 opposes the use of tobacco products, including vaping devices, and electronic cigarettes or lookalikes, or any other electronic nicotine delivery system capable of delivering nicotine, alcohol, controlled substances, cannabis (including marijuana, hashish, cannabidiol (CBD) and medical cannabis unless the student is authorized to be administered a medical cannabis infused product under Ashley’s Law, and/or lookalike substances by any student. Through this position statement, District 7 seeks to help our students resist situations that are detrimental to the growth of our young citizens.

The IHSA prohibits participants in an athletic activity sponsored or sanctioned by IHSA from ingesting or otherwise using any performance enhancing substance on its banned substance list, without a written prescription and medical documentation provided by a licensed physician who evaluated the student-athlete for a legitimate medical condition. IHSA administers a performance-enhancing substance testing program. Under this program, student athletes are subject to random drug testing for the presence in their bodies of
performance-enhancing substances on the IHSA's banned substance list. In addition to being penalized by IHSA, a student may be disciplined according to Board policy 7:190, Student Behavior.

**ACTIVITY CODE REQUIREMENTS** A student activity participant will be subject to disciplinary action if he/she violates any of the rules listed below. A student will be advised of the charges against him/her and be given the opportunity to respond to the charges. The student and his/her parent will be advised by the administration of any disciplinary action taken as a result of the charges. The student or parents may appeal the disciplinary action by responding in writing to the principal within three days of receiving the results of the charges.

GUN FREE SCHOOLS ACT - IMPACT ON SCHOOL SANCTIONED TRAP SHOOTING CLUB MEMBERS

The EHS Trap Shooting Club uses the Edwardsville Gun Club as a school-sanctioned site for its activities, which places it within the definition of school grounds. The Gun Free School Act requires a one-year expulsion of any student who possesses a firearm on school grounds. Exceptions to the Act may be made in limited circumstances, one of which is a school-sanctioned gun club. District 7 has adopted this exception to the law.

SPECTATOR EXPECTATIONS AT SCHOOL EVENTS

Edwardsville School District is committed to creating a safe, comfortable, and enjoyable experience for all fans/spectators. We want all fans/spectators attending our games to enjoy the experience in a responsible fashion. When attending a game, we have the following expectations of student and community spectators:

- Observe the contest and do not verbally assault others.
- Remember that you are at the contest to support your team and enjoy the competition, not to intimidate or ridicule the other team, fans, or officials.
- Remember that interscholastic activities are an extension of the classroom and a learning experience for students. Mistakes are sometimes made. Praise student-athletes in their attempt to improve themselves.
- Avoid criticism of game officials and sideline coaching, which detracts from the performance of the student athletes. Understand that the officials are doing their best.
- Recognize and show appreciation for outstanding play by either team.
• Refrain from taunting or making any kind of derogatory remarks to your opponents during the game, especially comments of ethnic, racial, gender, or sexual nature.
• Show respect for the opposing players, coaches, spectators, and support groups.
• Follow the instructions of school personnel at all times.

Spectators at school events are responsible for their conduct. School staff will promptly intervene to support an environment where spectators, their guests, and other fans can enjoy the event free from the above behavior. Spectators who violate these provisions will be subject to ejection without refund and potential suspension from future school events.

STUDENT RECORDS

The Family Educational Rights and Privacy Act (FERPA) and the Illinois School Student Records Act (ISSRA) affords students certain rights with respect to their education records. The District maintains two types of school records for each student: permanent record and temporary record. These records may be integrated. Once a student reaches age 18, rights under FERPA and ISSRA transfer to the student, provided the student has notified the administration in writing of the student’s intent to exercise his/her rights under FERPA and ISSRA in lieu of his/her parent(s)/guardian(s). Below are the rights accorded under FERPA and ISSRA:

1. The right to inspect and review the student’s education records within 10 days from the day the Building Principal receives a request for access. The degree of access a student has to his or her records depends on the student’s age. Students less than 18 years of age have the right to inspect and copy only their permanent record. Students 18 years of age or older have access and copy rights to both permanent and temporary records. The Building Principal will make arrangements for access and notify the parent(s)/guardian(s) or student of the time and place where records may be inspected. In certain circumstances, the District may request an additional 5 business days in which to grant access. The District charges per page for copying, after the first 50 pages of records are provided, or from page 1 of the records if the copies of the records have been previously provided. If the person is unable to pay these expenses, he/she should contact the Building Principal. No one will be denied their right to copies of their records for inability to pay this cost.

These rights will be denied if the District has received a court order specifically prohibiting access to a student’s records. A parent/guardian or eligible student should submit to the Records Custodian, principal, or other appropriate official written requests that identify the record(s) he/she wishes to inspect. The District official will make arrangements for access and notify the parent/guardian or eligible student of the time and place where the records may be inspected. If the records are not maintained by the District official to whom the request was submitted, that official shall advise the parent/guardian or eligible student of the correct official to whom the request should be addressed.

2. The right to request the amendment of the student’s education records that the parent(s)/guardian(s) or eligible student believes are inaccurate, misleading, irrelevant, or improper.

A parent(s)/guardian(s) or eligible student may ask the District to amend a record that he/she believes is inaccurate, misleading, irrelevant, or improper. He/she should write the District official responsible for the record, clearly identify the part of the record he/she wants changed, and specify why it is inaccurate, misleading, irrelevant, or improper.

If the District decides not to amend the record as requested by the parent(s)/guardian(s) or eligible student, the District will advise the parent(s)/guardian(s) or eligible student of his/her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent/guardian or eligible student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA and ISSRA authorizes disclosure without consent. One exception which permits disclosure without consent is disclosure to school officials with legitimate educational or administrative interests. A school official is a person employed by the District in an administrative, supervisory, academic, or support staff position (including law
enforcement unit personnel and health staff); a person or company with whom the District has contracted (such as an attorney, auditor, or collection agent); a representative of a private or other alternative school to which the District may refer the student; or a person serving on the Board of Education. A school official has a legitimate educational interest if the official needs to review the education record in order to fulfill his or her professional responsibilities. Individual board members do not have a right to see student records merely by virtue of their office unless they have a current demonstrable educational or administrative interest in the student and seeing his/her records would be in furtherance of the interest.

Upon request, the District may disclose education records without consent to an official of another school in which a student seeks or intends to enroll. In addition, school officials may provide records to any person specifically required by State or federal law. Before information is released to these individuals, the parent(s)/guardian(s) will receive prior written notice of the nature and substance of the information, and an opportunity to inspect, copy, and challenge such records. When a challenge is made at the time the student’s records are being forwarded to another school to which the student is transferring, there is no right to challenge: (1) academic grades, or (2) references to expulsions or out-of-school suspensions. School officials may also disclose information from a student’s education records in compliance with a lawfully issued court order. Before complying with such court order, the school will give prompt written notice to the student’s parent regarding the terms of the order, the nature and substance of the information proposed to be released and an opportunity to inspect and copy the school student records and to challenge their contents.

School officials may disclose information from a student’s education records to appropriate authorities in connection with an emergency in order to protect the health or safety of a student or other individuals.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

   Family Policy Compliance Office
   U.S. Department of Education 400 Maryland Avenue, S.W. Washington, D.C. 20202-4605

5. Directory information may be disclosed without prior notice or consent unless the parent/guardian or eligible student notifies the Record Custodian or other official in writing before October of the current school year that he/she does not want any or all of the directory information disclosed. Directory information includes the student’s name, address, telephone listing, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, photographs, videos, or digital images used for informational or news-related purposes (whether by a media outlet or by the school) of a student participating in school or school-sponsored activities, organizations, and athletics that have appeared in school publications, such as yearbooks, newspapers, or sporting or fine arts programs, date of attendance, and degrees and awards received.

6. The Every Student Succeeds Act, which reauthorized the Elementary and Secondary Education Act of 1965, requires local school districts to disclose certain information regarding a high school student to military recruiters and institutions of higher learning. If parents do not want information disclosed to recruiters under this Act, they should notify the building principal, in writing, of their desire not to have this information disclosed.

7. The right to a copy of any school student record proposed to be destroyed or deleted. The permanent record is maintained for at least 60 years after the student transfers, graduates, or permanently withdraws. The temporary record is maintained for at least 5 years after the student transfers, graduates, or permanently withdraws. Temporary records that may be of assistance to a student with a disability who graduates or permanently withdraws, may, after 5 years, be transferred to the parent/guardian or to the student, if the student has succeeded to the rights of the parent/guardian.
Student temporary records are reviewed every 4 years or upon a student’s change in attendance centers, whichever occurs first.

8. The right contained in this statement: **No person may condition the granting or withholding of any right, privilege or benefits or make as a condition of employment, credit, or insurance the securing by any individual of any information from a student's temporary record which such individual may obtain through the exercise of any right secured under State law.**

**WITHDRAWAL/TRANSFER**

Students who withdraw from school must notify the office and complete the required form. All student obligations must be cleared before official records will be released. No student will be enrolled in Edwardsville Community Unit School District No. 7 until a Certificate of Good Standing is received. Similarly, Edwardsville Community Unit School District No. 7 will provide a Certificate of Good Standing for any student transferring to any Illinois public school. This information will include whether the student is currently suspended or expelled from school.

Student records kept by the school are divided into two basic categories: **student permanent records** and **student temporary records**.

The student permanent record consists of basic identifying information: academic transcript including grades, class rank, graduation date, scores on college entrance examinations; attendance record; accident reports and health record; and record of release of permanent record information.

The student temporary record consists of all information not required to be in the student permanent record and may include:

1. Family background information
2. Intelligence test scores
3. Aptitude test scores
4. Reports of psychological evaluations, including information on intelligence, personality, and academic information obtained through test administration, observation, or interviews
5. Elementary and secondary achievement level test results
6. Participation in extracurricular activities, including any offices held in school-sponsored clubs or organizations
7. Honors and awards received
8. Teacher anecdotal records
9. Disciplinary information
10. Special education files, including the report of the multi-disciplinary staffing on which placement or non-placement was based, and all records and tape recordings relating to special education placement hearings and appeals.
11. Any verified reports or information from noneducational persons, agencies, or organizations of clear relevance to the education of the student.
12. Record of release of temporary record information

Notice is hereby given that all temporary records of a student who has graduated, transferred, or otherwise withdrawn from the school district will be destroyed five years after the student transfers, graduates, or withdraws. Individuals graduating, transferring or withdrawing during the 2020-2021 school year who want a copy of these records prior to destruction should notify the Edwardsville High School principal at 656-7100, on or before June 1, 2025. Permanent records will be maintained for 60 years after the student graduates, transfers, or withdraws.
**Student Biometric Information**

Before collecting biometric information from students, the school must seek the permission of the student’s parent/guardian or the student, if over the age of 18. Biometric information means information that is collected from students based on their unique characters, such as a fingerprint, voice recognition or retinal scan.

**English Learners**

The school offers opportunities for English Learners to develop high levels of academic attainment in English and to meet the same academic content and student academic achievement standards that all children are expected to attain.

Parents/guardians of English Learners will be: (1) given an opportunity to provide input to the program, and (2) provided notification regarding their child’s placement in, and information about, the District’s English Learners programs.

**STUDENT PRIVACY AND PARENTAL INVOLVEMENT POLICIES**

The Board has adopted and continues to use policies regarding student privacy, parental access to information, and parental involvement. Copies of the policies are available upon request. Please contact Tara Fox, Director of Curriculum & Instruction, 708 St. Louis Street, Edwardsville, Illinois.

All surveys requesting personal information from students, as well as any other instrument used to collect personal information from students, must advance or relate to the District’s educational objectives or assist students’ career choices. This applies to all surveys, regardless of whether the student answering the questions can be identified and regardless of who created the survey. Parents have the right to inspect any collection instrument used for the purpose of marketing or selling personal information. Parents may opt out of this process by filing with the appropriate school office a non-disclosure request form by September 1st of each school year.

Before a school official or staff member administers or distributes a survey or evaluation created by a third party to a student, the student’s parent(s)/guardian(s) may inspect the survey or evaluation, upon their request and within a reasonable time of their request.

This section applies to every survey: (1) that is created by a person or entity other than a District official, staff member, or student, (2) regardless of whether the student answering the questions can be identified, and (3) regardless of the subject matter of the questions.

School officials and staff members shall not request, nor disclose, the identity of any student who completes any survey or evaluation (created by any person or entity, including the District) containing one or more of the following items:

1. Political affiliations or beliefs of the student or the student’s parent/guardian.
2. Mental or psychological problems of the student or the student’s family.
3. Behavior or attitudes about sex.
4. Illegal, anti-social, self-incriminating, or demeaning behavior.
5. Critical appraisals of other individuals with whom students have close family relationships.
6. Legally recognized privileged or analogous relationships, such as those with lawyers, physicians, and ministers.
7. Religious practices, affiliations, or beliefs of the student or the student’s parent/guardian.
8. Income other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program.

The student’s parent(s)/guardian(s) may:

1. Inspect the survey or evaluation upon, and within a reasonable time of, their request, and/or
2. Refuse to allow their child to participate in the activity described above. The school shall not penalize any student whose parent(s)/guardian(s) exercised this option.
A student’s parent(s)/guardian(s) may inspect, upon their request, any instructional material used as part of their child’s educational curriculum within a reasonable time of their request. “Instructional material” means instructional content that is provided to a student, regardless of its format, printed or representational materials, audio-visual materials, and materials in electronic or digital formats (such as materials accessible through the Internet). Instructional materials include teacher’s manuals, films, tapes, or supplementary materials which will be used connection with any survey, analysis, or evaluation of their child. The term does not include academic tests or academic assessments. Parents wishing to inspect instructional material should contact the appropriate teacher or building principal.

No school official or staff member shall subject a student to a non-emergency, invasive physical examination or screening as a condition of school attendance. Invasive physical examination means any medical examination that involves the exposure of private body parts, or any act during such examination that includes incision, insertion, or injection into the body, but does not include a hearing, vision, or scoliosis screening.

The above paragraph does not apply to any physical examination or screening that:

1. Is permitted or required by an applicable State law, including physical examinations or screenings that are permitted without parental notification.
2. Is administered to a student in accordance with the Individuals with Disabilities Education Act (20 U.S.C. §1400 et seq.).
3. Is administered pursuant to the District’s extracurricular drug and alcohol testing program.
4. Is otherwise authorized by Board policy.

No school official or staff member shall market or sell personal information concerning students (or otherwise provide that information to others for that purpose). Personal information means individually identifiable information including: (1) a student or parent’s first and last name, (2) a home or other physical address (including street name and the name of the city or town), (3) a telephone number, (4) a Social Security identification number or (5) driver’s license number or State identification card.

The above paragraph does not apply: (1) if the student's parent(s)/guardian(s) have consented; or (2) to the collection, disclosure or, use of personal information collected from students for the exclusive purpose of developing, evaluating or providing educational products or services for, or to, students or educational institutions, such as the following:

1. College or other postsecondary education recruitment, or military recruitment.
2. Book clubs, magazines, and programs providing access to low-cost literary products.
3. Curriculum and instructional materials used by elementary schools and secondary schools.
4. Tests and assessments to provide cognitive, evaluative, diagnostic, clinical, aptitude, or achievement information about students (or to generate other statistically useful data for the purpose of securing such tests and assessments) and the subsequent analysis and public release of the aggregate data from such tests and assessments.
5. The sale by students of products or services to raise funds for school-related or education-related activities.
6. Student recognition programs.

Under no circumstances may a school official or staff member provide a student’s personal information to a business organization or financial institution that issues credit or debit cards.

Parents may opt out of any of the above listed activities by filing with the appropriate school office a non-disclosure request form by September 1st of each school year, as per Board Policy 7:15 Student and Family Privacy Rights.

**PARENTAL LEAVE**

Illinois law requires that parent(s)/guardian(s) be given release time to attend school conferences relating to their child/children. Upon written request, employers must grant employees leave of up to eight hours per school year (not to exceed four hours in any given day) to attend school conferences, behavioral meetings, or academic meetings, including behavior conferences and IEP meetings, which cannot be scheduled during non-
work hours. For parent-teacher conferences, the school district will make available time during the school day and evening hours to meet with parents. The school district cannot, however, guarantee that an evening conference slot will be available. Such slots will be filled on a first request basis.

**PARENT RESOURCES AND SUPPORT**

The effects of alcohol and drug abuse are familiar to far too many parents. Drugged young people become terribly ill, injure themselves and others, steal, and sometimes die. Now there is reliable evidence that drugs are causing permanent brain damage to abusers and irreversible harm to their unborn children. The problem is common to young people across the nation. No one is immune, including the young people of our community.

Like all of us, teenagers enjoy being together, and it is no secret that social situations are conducive to the abuse of alcohol and drugs. In many cities, parents have discovered that banding together and agreeing to enforce common rules for teenagers’ behavior can result in drug-free children.

We must teach our children that socializing can be fun without drugs or alcohol. The following guidelines are recommended to parents in order to provide uniform rules and regulations for their teenagers. Other communities have succeeded in providing healthy, drug-free environments for their youth, and, working together, we can do the same.

*Since some adults continue to illegally provide alcohol for underage persons at parties in their homes, it is highly recommended that if parents know such a party is in progress, they should notify their local police. Parents who knowingly permit underage drinking to take place are subject to serious penalties.*

1) **Suggested guidelines for hosting a party**
   
a) Students should tell their friends ahead of time that drugs or alcohol will not be permitted at the party.
   
b) An adult should always be present. Serving snacks, chatting with guests, or having an older child or friend present can make chaperoning seem very natural.
   
c) Alcohol or other drugs should not be served or otherwise available. If guests bring these illegal substances, they should be ordered to leave. If they are intoxicated or under the influence of drugs, their parents should be called to take them home.
   
d) Anyone who leaves a party should not be allowed to return.
   
e) Encourage small parties with specific guest lists. Set time limits, enabling all guests to reach home before the curfew. Set ground rules with your teen beforehand. Plan plenty of food and non-alcoholic beverages.
   
f) Let neighbors know beforehand that a properly supervised party will take place.
   
g) If you must be out-of-town or away from home, forbid parties. Have a responsible adult in the house. Homes of absent parents are frequent party sites.
   
h) When spontaneous parties occur, try to follow the above guidelines. If, despite your precautions, things do get out of hand, do not hesitate to call the local police department for assistance.

2) **Guidelines for when your child is attending a party**
   
a) Contact the parents of the party giver to verify the occasion, to make certain that an adult will be present, and to verify there will be no alcohol or drugs permitted.
   
b) Know where your teen will be. Have the address and phone number of the party giver and insist that your teen inform you if there is any change of location.
   
c) Know how your teen will get to and from the party; let him/her know where you or another adult can be reached if there are any changes in plans.
   
d) Be certain your teens understand when they should be home; either wait up or have them awaken you when they return.
   
e) If your teen is staying overnight with a friend following the party, check with the friend’s parents to verify the arrangement and the curfew.
3) **Use of Alcohol/Illegal Substances by Adults**
   No alcohol or illegal substance is permitted at any school or on any school grounds, on school buses, or at organized student activities. It is inappropriate for any adult to use alcohol or an illegal substance at any school-related activity for students, even if that activity takes place off school grounds.

4) **Guidelines for Curfews**
   Reasonable hours will keep teenagers safe and drug free. Teens should not “go out” on school nights unless they are attending a specific school or community function. For special events they should be expected home within a reasonable time after the conclusion of the party, game, or program. Local curfew for persons under 17 is 11:00 p.m. from Sunday through Thursday; and 12:00 midnight on Friday and Saturday, unless accompanied and supervised by a responsible person 18 or over who has been authorized by the parent/guardian. Drivers’ licenses for students aged sixteen are not valid after curfew. It is unlawful, punishable by fine, for any parent to knowingly allow their child to break the curfew law.

5) **Assistance for Parents**
   a) Within District 7: There are many school professionals who can assist a parent who is concerned about a child’s possible involvement with drugs or alcohol. The principal, nurse, counselor, social worker, and teachers are all available to help families with this concern. Parents are urged to seek assistance if they suspect a drug or alcohol problem with their child.
   b) Outside District 7: The following page lists local agencies (Edwardsville, Collinsville, and Alton area) outside the school district where parents can access counseling services and medical treatment for drug and alcohol abuse for their student. The District does not recommend specific agencies. This list is being provided as a resource to District 7 parents and students.

CHILD SEX OFFENDERS

This is for informational purposes only. The Department of State Police maintains a Statewide Sex Offender Database that parents may access.

State law requires that all school districts provide parents/guardians with information about sex offenders and violent offenders against youth. You may find the Illinois Sex Offender Registry on the Illinois State Police’s website at: http://www.isp.state.il.us/sor/.

You may find the Illinois Statewide Child Murderer and Violent Offender Against Youth Registry on the Illinois State Police’s website at: http://www.isp.state.il.us/cmvo/.

Illinois State law prohibits a convicted child sex offender from:

- Being present in any school building, on school grounds, in any school vehicle or at a school-related activity, unless the sex offender is a parent of a child attending the school under the conditions listed below; or
- Loitering within 500 feet of a school building or school grounds.

If the child sex offender is a parent of a student attending the school, the child sex offender parent may be present on school grounds under the following conditions:

- The parent is attending a conference at the school with school personnel to discuss the student's academic and/or social progress;
- The parent is participating in special education meetings related to evaluations and placement; or
- The parent is attending conferences to discuss retention and promotion.

If one of these situations arises, the child sex offender must obtain permission from the Building Principal or Superintendent to be present. If the Superintendent grants permission, he/she will notify the Building Principal of the purpose for the visit and the hour(s) during which the child sex offender will be present at school. The child sex offender must notify the principal's office when he/she arrives and departs from school property. If the child sex offender is to be present in the vicinity of children during the visit, he/she must remain under the direct supervision of a school official.

As circumstances warrant, the District's administrators shall take appropriate action in enforcement of this policy.

Violations will be handled as follows:

- Anyone observing a student violating this policy shall notify the Building Principal where the student is enrolled, and the Principal shall take whatever action is appropriate under the student conduct code.
- The supervisor of any employee violating this policy shall take whatever action is appropriate according to personnel rules and bargaining agreements, if any.

Anyone observing a parent/guardian or other person violating this policy shall immediately notify the Building Principal or designee. The Principal or designee will request that the person act civilly or otherwise refrain from the prohibited conduct. If the person persists with uncivil or prohibited behavior, the principal shall request that the person immediately leave school property and may contact law enforcement, if appropriate.

2020-2021 Edwardsville High School Handbook   Page | 86
HOMELESS STUDENTS

The McKinney-Vento Act governs the rights of homeless students. Each child of a homeless individual and each homeless youth has equal access to the same free, appropriate public education, as provided to other children and youths. A “homeless child” is defined as provided in the McKinney Homeless Assistance Act and State law. Generally, a homeless student is a student who does not have a regular, fixed place of residence. Homeless students have special rights in regard to school choice, transportation, and proof of residency.

If a District 7 student becomes homeless (i.e. lacks a regular, fixed, adequate nighttime place of abode or lives in a shelter), the student may be permitted to remain enrolled in District 7 while homeless or until the end of the school year in which the student obtains regular housing. Also, if the parents/guardians of a homeless child or youth enroll the child in the Edwardsville School District, the student will be enrolled; however, the contact information of the parent/guardian must be provided to school personnel upon enrollment.

Parents should contact the Regional Office of Education, Madison County Administration Building, 157 N. Main Street, Suite 438, Edwardsville, Illinois, if they need any information regarding the rights of a homeless student. Parents may also contact the District’s Homeless Liaison Tara Fox at Hadley House.

AFTER-HOURS VOICE MAIL

District 7’s voice mail system is shut down at 4:30 p.m. daily. People who wish to leave voice mail should do so during regular business hours.

PEST CONTROL SCHEDULE

All schools in the District are treated yearly in the month of August. In addition, schools are either treated monthly or quarterly.

Schools treated monthly: Lincoln Middle School, Liberty Middle School, and Edwardsville High School

Schools treated quarterly: Albert Cassens Elementary, Columbus Elementary, EHS South, Glen Carbon Elementary, Goshen Elementary, Hamel Elementary, Leclaire Elementary, Midway Elementary, Nelson Elementary, Woodland Elementary, and Worden Elementary

The District uses pesticides to keep its buildings and grounds free from insects, rodents, weeds, and other unwanted pests. Please contact the building principal if you desire more information or desire to be put on a notification list.

STUDENT VIDEOTAPING AND WORK SAMPLES

The Edwardsville School District partners with several local universities to provide both current and aspiring teachers with a high-quality, hands-on classroom experience. University Undergraduate Teacher Education Programs as well as Graduate level courses require educators to complete a variety of assignments and assessments in order to meet graduation requirements and/or obtain a teacher license. These requirements include the following:

• Educators enrolled in university coursework must submit examples of student work and assessment results as evidence of their teaching practice. Your child may be selected to participate in one-on-one assessments with the teacher or student teacher, and/or your child’s class work may be selected for submission. This is not an assessment of your child’s performance. This is an assessment of the educator’s instructional practices.

• Educators must submit a video of themselves teaching a series of lessons in the classroom. During the course of video recording their teaching, your child may appear on the video.

Your child’s name will not appear on any materials submitted, and all materials will be kept confidential at all times.
The video recordings and student will not be made public in any way. Materials will be reviewed by University instructors, and they may also be used by test developers under secure conditions for program development and implementation, including scorer training, and to support continued program improvement activities such as future validity and reliability studies.

If for any reason you do not wish for your child to participate in the above activities, it is your responsibility to notify the building principal in writing.

**INFORMATION SHARING AGREEMENT**

Maintaining safe schools requires the forging of partnerships to share information among schools and youth-serving agencies, including the police department, court system, and youth parole and probation offices. These partnerships rely on effective information sharing among all the agencies responsible for delivering services to children. District educators who see the first warning signs of delinquency or who have critical information about juveniles involved in the juvenile justice system will help develop effective intervention strategies by sharing information with other justice and youth-serving agencies. At the same time, when the juvenile justice system is about to send an alleged or adjudicated juvenile offender back into the regular school system, justice officials will notify the school of timing and circumstances of a student's return so the school can take steps to provide needed support services for success. In addition, there are other circumstances in which it is both appropriate and necessary to share information to ensure public safety and the welfare of all of our students.

To facilitate this information sharing, the school district has entered into an Interagency Agreement with the Edwardsville Police Department and the Madison County Probation and Court Services. This agreement outlines procedures by which all three entities will share information regarding students alleged to be involved in criminal activity. All students are placed on notice that the parties to the agreement are committed to improving services to children in the juvenile justice system by sharing information, when appropriate and lawful, through all available media, including an integrated database network.

District 7 has a responsibility to report incidents involving weapons and/or drugs, and battery charges against a school employee to local law enforcement agencies and the Student Incident Reporting System (SIRS) at the Illinois State Board of Education.

**ANNUAL ASBESTOS NOTIFICATION**

On May 1, 2017, the following notification was released for compliance with the regulations of the Federal AHERA guidelines for the management of asbestos containing materials in schools.

As required, the buildings of the Edwardsville Community Unit School District #7 were initially inspected for asbestos and the findings of the inspection were documented in the School's Asbestos Management Plan. As required under AHERA Rules and Regulations, Six Month Surveillances and Three Year Re-inspections are routinely conducted and any change in the condition of the asbestos materials is documented.

The Asbestos Inspection Report and Management Plan are on file in the Administrative Office (Facility Office) and are available for public review during normal business hours. Individuals interested in reviewing the Management Plan(s) are asked to submit a written request to the school.
EMERGENCY SCHOOL CLOSING

The District will use its message broadcast system, SchoolMessenger, to notify parents of school cancellation or altered bus schedules due to inclement weather.

SchoolMessenger will communicate the information in the following ways:

- deliver a recorded message via live answer or voicemail
- send an email to all parents’ email addresses with the same information
- send an SMS text message to your mobile device (for those who opt-in for text messages)

The system will utilize contact information that the District currently has on file in SchoolMessenger, which interfaces with the District’s student information system. Contact information was provided at registration by parents/guardians. Revised or updated contact information should be provided to your child’s school. All information and contact numbers are secure and confidential and are used only for the purposes described above.

The following notification procedures will support the broadcast system:

- On days when inclement weather occurs or is pending, the decision to cancel school will be made by 5:00 a.m., if possible.
- On days that it may be necessary alter the bus schedule because of inclement weather, the decision will be made as early as possible (the message will be broadcast to home, work, and cell phones). Parents are encouraged to make arrangements to meet their children in the event of altered bus schedule days.
- The following radio/TV outlets will continue to carry school closing information: KMOV-TV CHANNEL 4 NEWS; KSDK-TV CHANNEL 5 NEWS; FOX 2 NEWS, KMOX (AM-1120).
- Parents may also check the district website at www.ecusd7.org.
- The District Facebook page will also be updated with school cancellation and early dismissal information, which can be accessed at https://www.facebook.com/ECUSD7.

Mandated Reporters

All school personnel, including teachers and administrators, are required by law to immediately report any and all suspected cases of child abuse or neglect to the Illinois Department of Children and Family Services.
