

Q1 Please provide the name/s of your middle school child(ren):

Answered: 753 Skipped: 0

ANSWER CHOICES	RESPONSES	
1st Student	100.00%	753
2nd Student	13.81%	104
3rd Student	1.06%	8

Q2 What grade level are your middle school students ?

Answered: 753 Skipped: 0

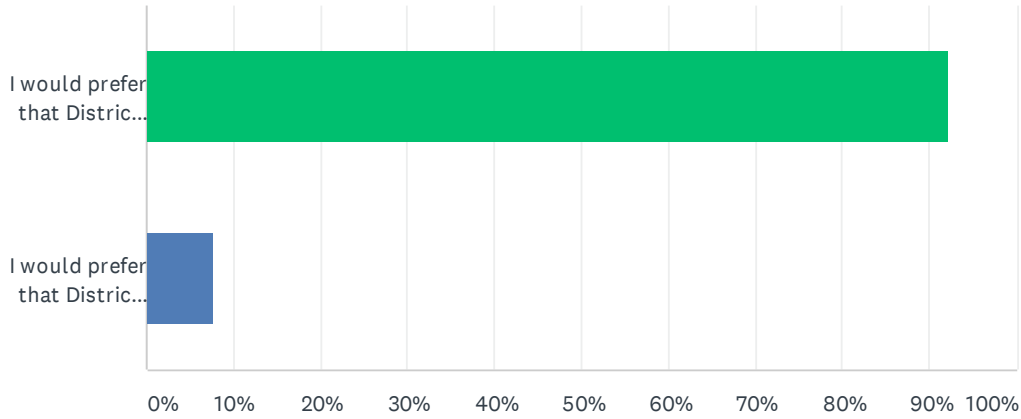

ANSWER CHOICES	RESPONSES	
6 th	35.33%	266
7 th	36.12%	272
8 th	39.31%	296
Total Respondents: 753		

Q3 Please provide your email address that is on file with District 7.

Answered: 753 Skipped: 0

Q4 If five days of in-person instruction per week is not possible, which would be your preference for your child(ren)?

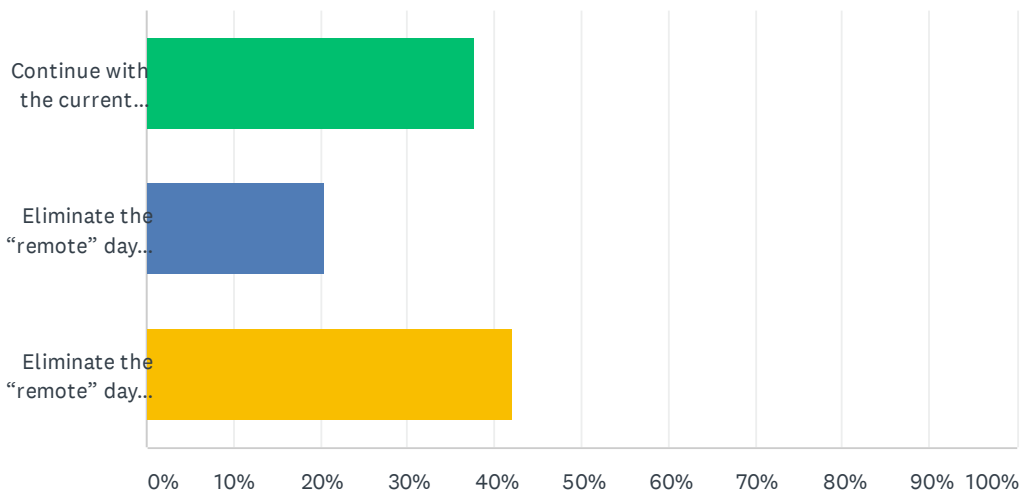

Answered: 753 Skipped: 0

ANSWER CHOICES	RESPONSES	
I would prefer that District 7 continue with the hybrid schedule	92.30%	695
I would prefer that District 7 would move all students to a 100% remote	7.70%	58
TOTAL		753

Q5 If District 7 would stay in a hybrid schedule for an extended period of time, which would be your preference?

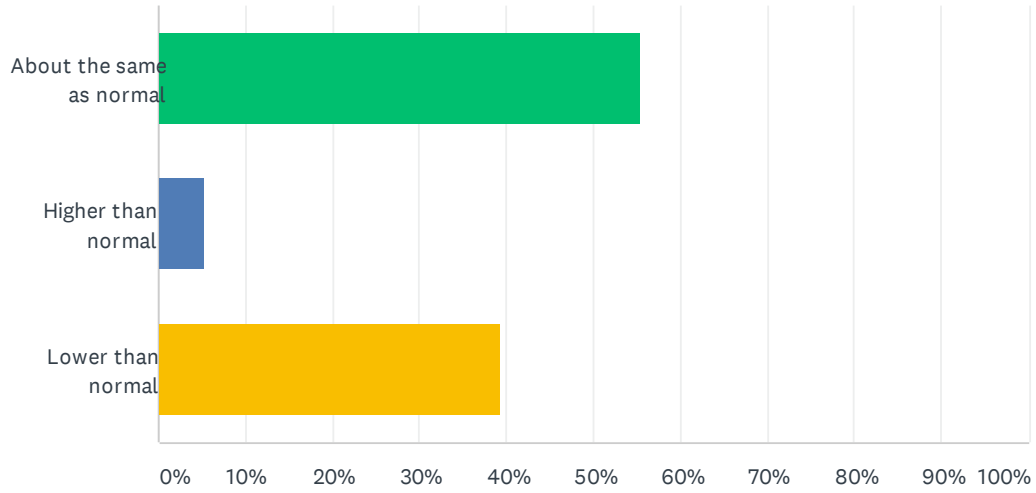

Answered: 753 Skipped: 0

ANSWER CHOICES	RESPONSES
Continue with the current hybrid schedule with remote days on Fridays of five day weeks.	37.58% 283
Eliminate the "remote" days and move to a hybrid schedule that is an "A" day followed by a "B" day regardless of day of the week. In this type of schedule, the "all remote" day is eliminated. Students would attend every other day regardless of the day of the week. This is essentially an "every other day" schedule for students. If an "A" falls on a Friday, the next Monday starts with a "B".	20.45% 154
Eliminate the "remote" days and continue with the current hybrid schedule of A on Monday/Wednesday and B on Tuesday/Thursday but rotate a third in-person day on Fridays instead of remote. So one week "A" group would go on Friday and one week "B" group would go on Friday.	41.97% 316
TOTAL	753

Q6 Please compare your child's grades for the first quarter of this school year to previous years. Are your child's grades:

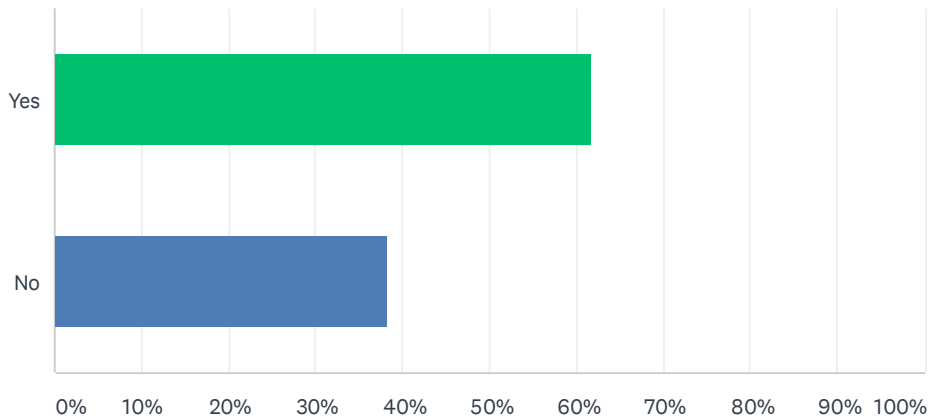

Answered: 753 Skipped: 0

ANSWER CHOICES	RESPONSES	
About the same as normal	55.51%	418
Higher than normal	5.18%	39
Lower than normal	39.31%	296
TOTAL		753

Q7 At the middle school level, students are in consistent classroom cohort groups, and the teachers travel from room to room. Given this fact, if class sizes at your child’s middle school classroom were as high as 32 students, would you feel comfortable with your student attending in-person, while wearing a mask, knowing that student desks will be spaced less than 6 feet apart from one another?

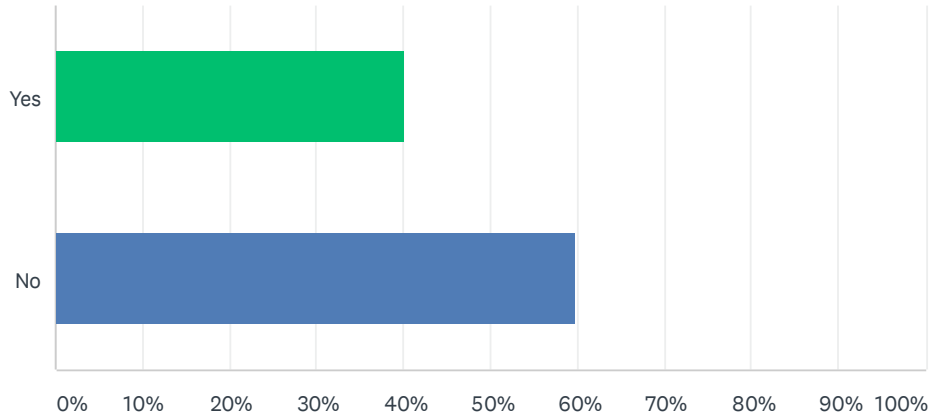

Answered: 753 Skipped: 0

ANSWER CHOICES	RESPONSES
Yes	61.75% 465
No	38.25% 288
TOTAL	753

Q8 Do you feel that the hybrid schedule of attending in-person two days a week has had an adverse effect on your child’s mental health?

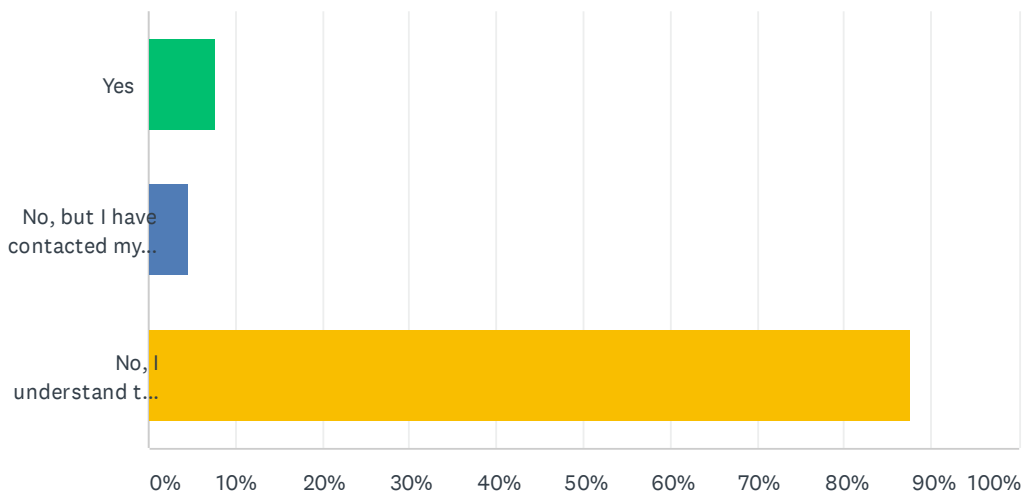

Answered: 753 Skipped: 0

ANSWER CHOICES	RESPONSES	
Yes	40.11%	302
No	59.89%	451
TOTAL		753

Q9 District 7 staff is available to help students through difficulties that they may be facing. This is true whether students are in an in-person, hybrid, or remote learning setting. If you would like your child to speak with a District 7 counselor, social worker, or school psychologist, please contact your child's building principal who can help start this process. Is your child currently accessing services from District 7 to help with their mental health?

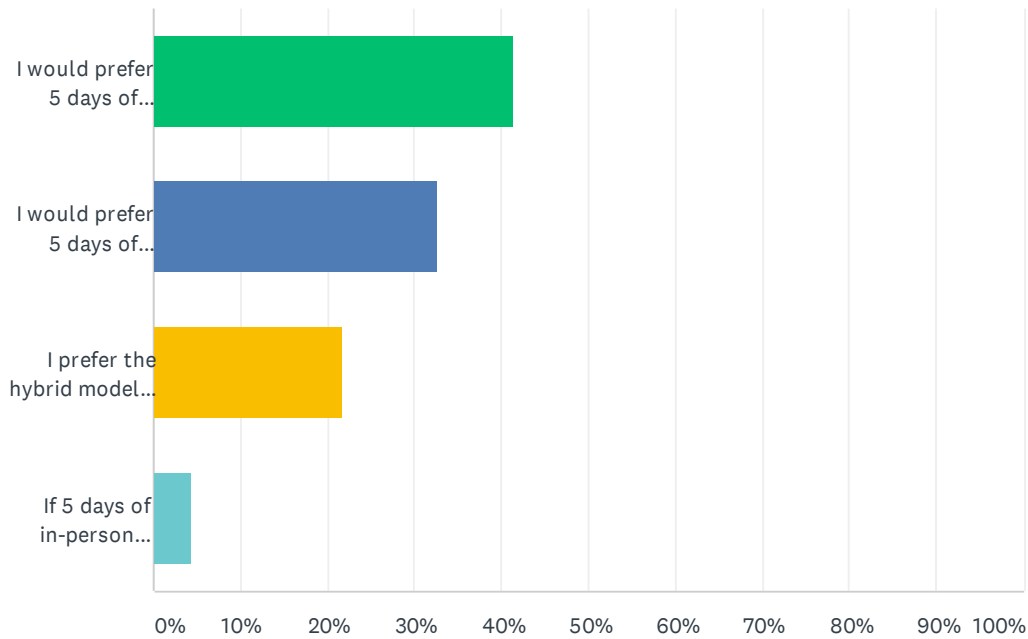

Answered: 300 Skipped: 453

ANSWER CHOICES	RESPONSES	
Yes	7.67%	23
No, but I have contacted my child's principal to start the process.	4.67%	14
No, I understand that District 7 can provide support to my child, but I am not interested at this time.	87.67%	263
TOTAL		300

Q10 Which best represents your feelings regarding in-person instruction for your child(ren):

Answered: 743 Skipped: 10

ANSWER CHOICES	RESPONSES	
I would prefer 5 days of in-person instruction per week as soon as possible during second semester regardless of how high the Madison County COVID metrics (ie.. cases per 100,000 people, positivity rate, new youth cases) appear as long as multiple outbreaks are not occurring in our school.	41.32%	307
I would prefer 5 days of in-person instruction for the second semester if the Madison County COVID metrics such as positivity rate, cases per 100,000, and new youth cases were at low levels and outbreaks were not occurring in the school.	32.57%	242
I prefer the hybrid model rather than 5 days of in-person instruction per week because it allows students to attend in-person for a part of the week while remaining socially distanced at virtually all times within the school.	21.67%	161
If 5 days of in-person instruction per week is implemented for the second semester but students cannot be properly socially distanced (according to CDC guidelines) while attending school, I would choose 100% remote for my child	4.44%	33
TOTAL		743
