Accessing Schoology & Clever
Login Information

• **K-5** students should receive their login and password information from their teacher.

• **6-8** students should receive their login and password information from their 1st hour teacher.

• **9-12** students will receive their login and password information from their 1st hour teacher.

This login and password provides your student access to *Schoology* and *Clever*. The password is case sensitive.
Schoology is a learning management system (LMS) that students in grades PreK-12 can now access. At the discretion of the classroom teacher, Schoology can be used for homework, class assignments, calendars, work submission, classroom discussions, and more.
Student Login for Schoology

1. In a web browser, students will navigate to the District’s unique Schoology website: https://ecusd7.schoology.com, or go to the District webpage, hover over students, and click on Schoology to be taken to the correct login screen.

2. Enter the unique username and password provided to your student.
Student Introduction Video

For a brief introduction on how to access Schoology, a short video has been created, and is available to view here.
Parent Login for Schoology

Parents will receive information on how to access Schoology. This information will come via a secure document containing an access code specific to the parent. The communication will provide information on how to login and see the parent view of Schoology.

This communication will be sent within the first few weeks of the school year.
Clever is a portal that will allow District 7 students to access some of the digital curriculum materials (such as textbooks) for their grade level. Step-by-Step directions for accessing Schoology and Clever with your student’s unique login information can be found below.
Clever Login

1. In a web browser, students will navigate to the District’s unique Clever website: https://clever.com/in/ecusd7
2. Choose **Login with Active Directory**
3. In the username field, enter **district\** and then then your child’s username.
4. In the password field enter their unique password.
If they are still having problems logging in, please have them contact the following:

• **K-5** students, please contact your teacher
• **6-8** students, please contact your 1<sup>st</sup> hour teacher
• **9-12** students, please visit the Media Center for assistance
